6.MPRG – change of name, logo, web, email list

NAME

Following our discussion during the Vienna B.M., Nicolas Thouveny and Philip Meredith have taken their task to come back to an eventual change of division title.

The fact that the visibility of our title is rather poor is due – as we agreed - to its length and apparent thematic complexity.

How to be MPRG email [member](#) list

if somebody wants to subscribe the mprg mailing list, he/she has to send an email to:

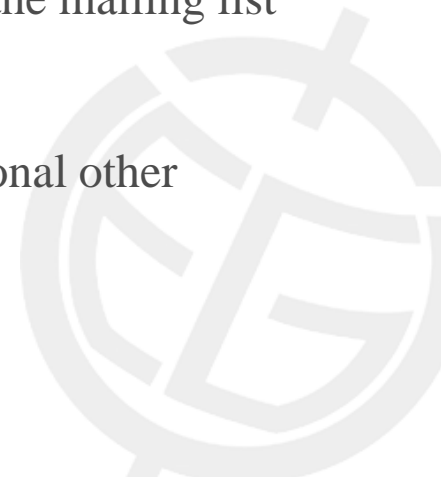

mprg-subscribe@gfz-potsdam.de

text and subject can be empty.

After that the subscriber gets an automatically generated request from the mailing list manager to confirm by replaying the mail to sender.

This is for safety reason, hence it is not possible to subscribe unintentional other person to a mailing list.

Outstanding Young Scientist Award for 2011

The setup has been changed: all divisions to propose candidate, best 3-4 are awarded at Union level, others at the division level.

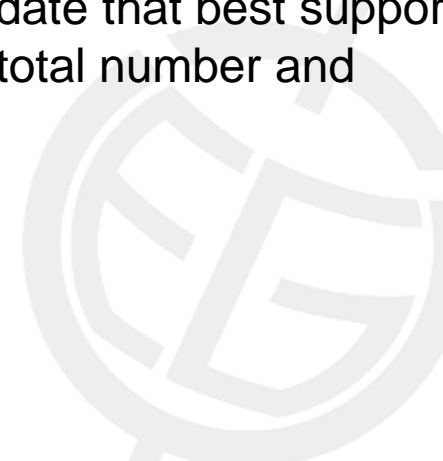

Candidate should be 35 or younger on January 1st of the GA 2011

A nomination package for the Outstanding Young Scientist Award should consist of the following:

- * Nomination letter stating contribution in the field (1/2 page).
- * A summary of the candidate's CV (1 page).
- * Selected bibliography. A list of selected publications by the candidate that best support the nomination (1/2 page). It should also state briefly the candidate's total number and types of publications and citations.

The whole nomination package must not exceed 2 pages.

Nominations to be mailed to Division President.

A nomination package for the Division medals should consist of

Nomination letter (1 page).

Curriculum Vitae (2 pages). A summary of the candidate's CV, including the candidate's name, address, history of employment, degrees, research experience, honours, and service to the community.

Selected bibliography (2 pages). A list of selected publications by the candidate that best support the nomination. It should also state briefly the candidate's total number and types of publications and citations.

Supporting letters. Between 3 and 5 letters of support (maximum 1 page each) should be submitted. These letters should clearly establish the nominee's recognized contribution to the field.
