

# 2025 GI Division Meeting

European Geosciences Union

Vienna, Austria & Online | 27 April–2 May 2025

DM11

**Division meeting for Geosciences Instrumentation & Data Systems (GI)**

**Convener:**

**Pietro Tizzani**

**Co-conveners:**

**Veronica Escobar-Ruiz<sup>ECS</sup>, Andrea Barone<sup>ECS</sup>, Andrea Vitale<sup>ECS</sup>**

Tue, 29 Apr, 12:45–13:45 (CEST)

Room -2.92

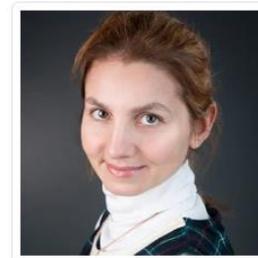

## The EGU Programme Committee welcomes you to EGU25!

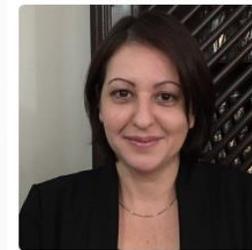

Meet the PC Co-chairs &  
EGU Events Manager:

On-site:  
**Wed, 30 April**  
**15:30-16:00 CEST**  
**EGU Booth**  
**Hall X2**

Virtual:  
**Tue, 29 April**  
**10:15-10:45 CEST**  
**vEGU Booth**  
**Gather.Town**

Ira Didenkulova  
PC Co-chair

Maria-Helena Ramos  
PC Co-chair

Jane Roussak  
Events Manager

## The EGU Programme Committee welcomes you to EGU25!

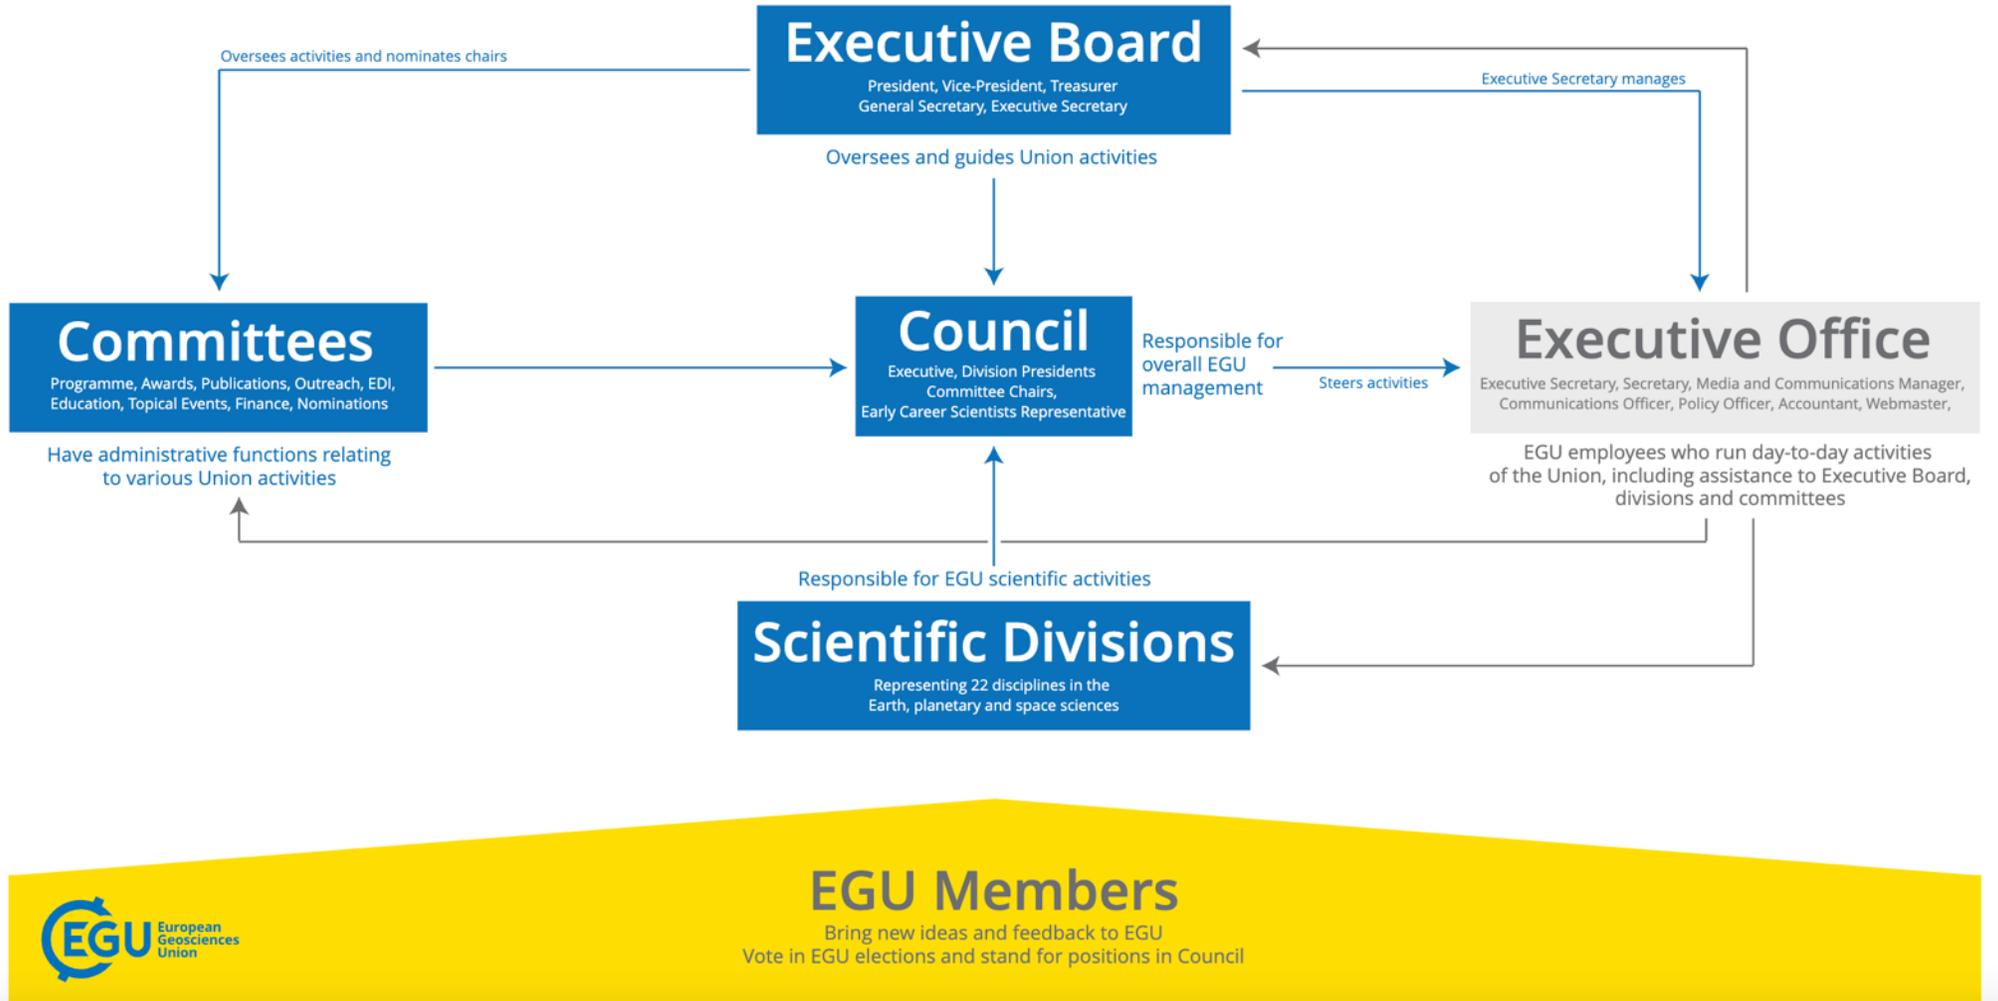

### Our goal:

to provide a forum where scientists, especially early career researchers, can present their work and discuss their ideas with experts in **all fields of geoscience**, by offering a **hybrid, inclusive and environmentally friendly** as possible **General Assembly** that responds to the main **scientific challenges** of geosciences worldwide

**EGU Programme Committee** is comprised of a **Leadership team** (PC Co-chairs, Events Manager), EGU Executive Board, Copernicus Conference Manager, PC Officers and Coordinators, and **Programme Group Chairs** with their Science Officers.

[https://egu25.eu/about/programme\\_committee\\_composition.html](https://egu25.eu/about/programme_committee_composition.html)

The EGU is a bottom-up organisation structured in scientific divisions, committees, and a council.

## EGU25: numbers at a glance

- **1,099 active sessions** in total (+7% EGU24):
  - 730 disciplinary PG sessions, of which 48 are ITS sessions
  - 20 Education and Outreach Sessions (EOS), incl. GIFT workshop
  - 62 Short Courses + 2 Artist in Residence workshops
  - 39 Medal and Award Lectures
  - 9 Union Symposia and 9 Great Debates
  - 146 Townhall & Splinter meetings scheduled
- **ECS Networking, Science for Policy, and EDI Committee events**

EGU23 oral presentation

## **GI DIVISION STATISTICS REPORT**

ANDREA VITALE Ph.D., Scientific Officer

More on: <https://www.egu25.eu/>

EGU25 Abstract Submission Over Time

**19,285 active scheduled abstracts in 2025**

On-site only up to 2019

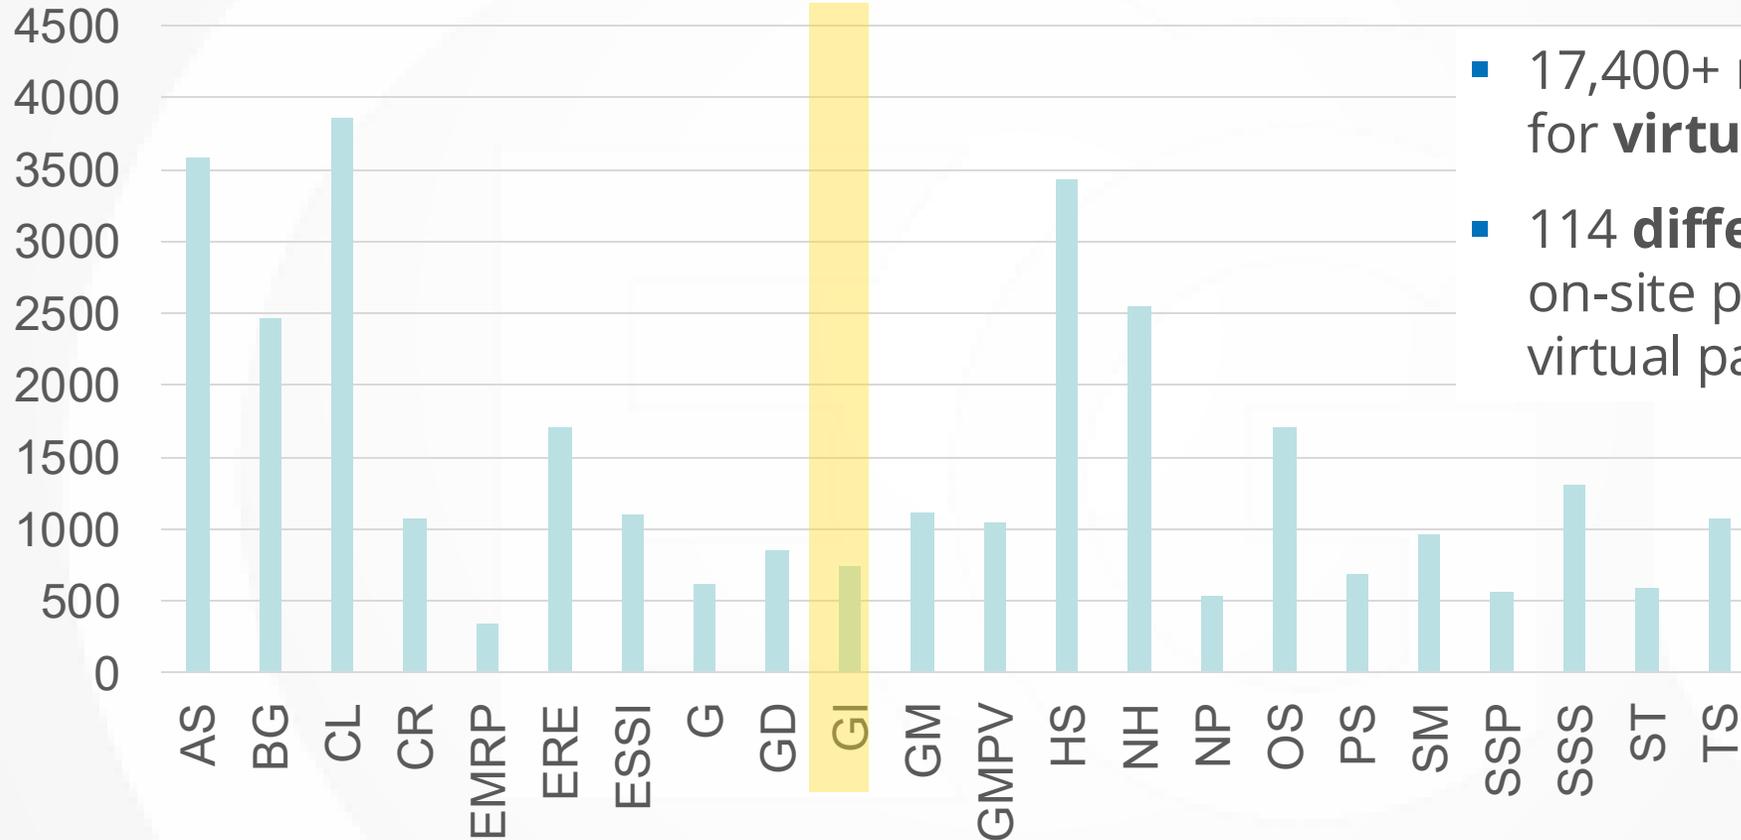

Online only

Hybrid orals only

Fully hybrid since 2023

(as of 16 April 2025)

Registration per Disciplinary Programme Group

- 17,400+ **registrations** (~8% for **virtual participation**)
- 114 **different countries** for on-site participation; 91 for virtual participation

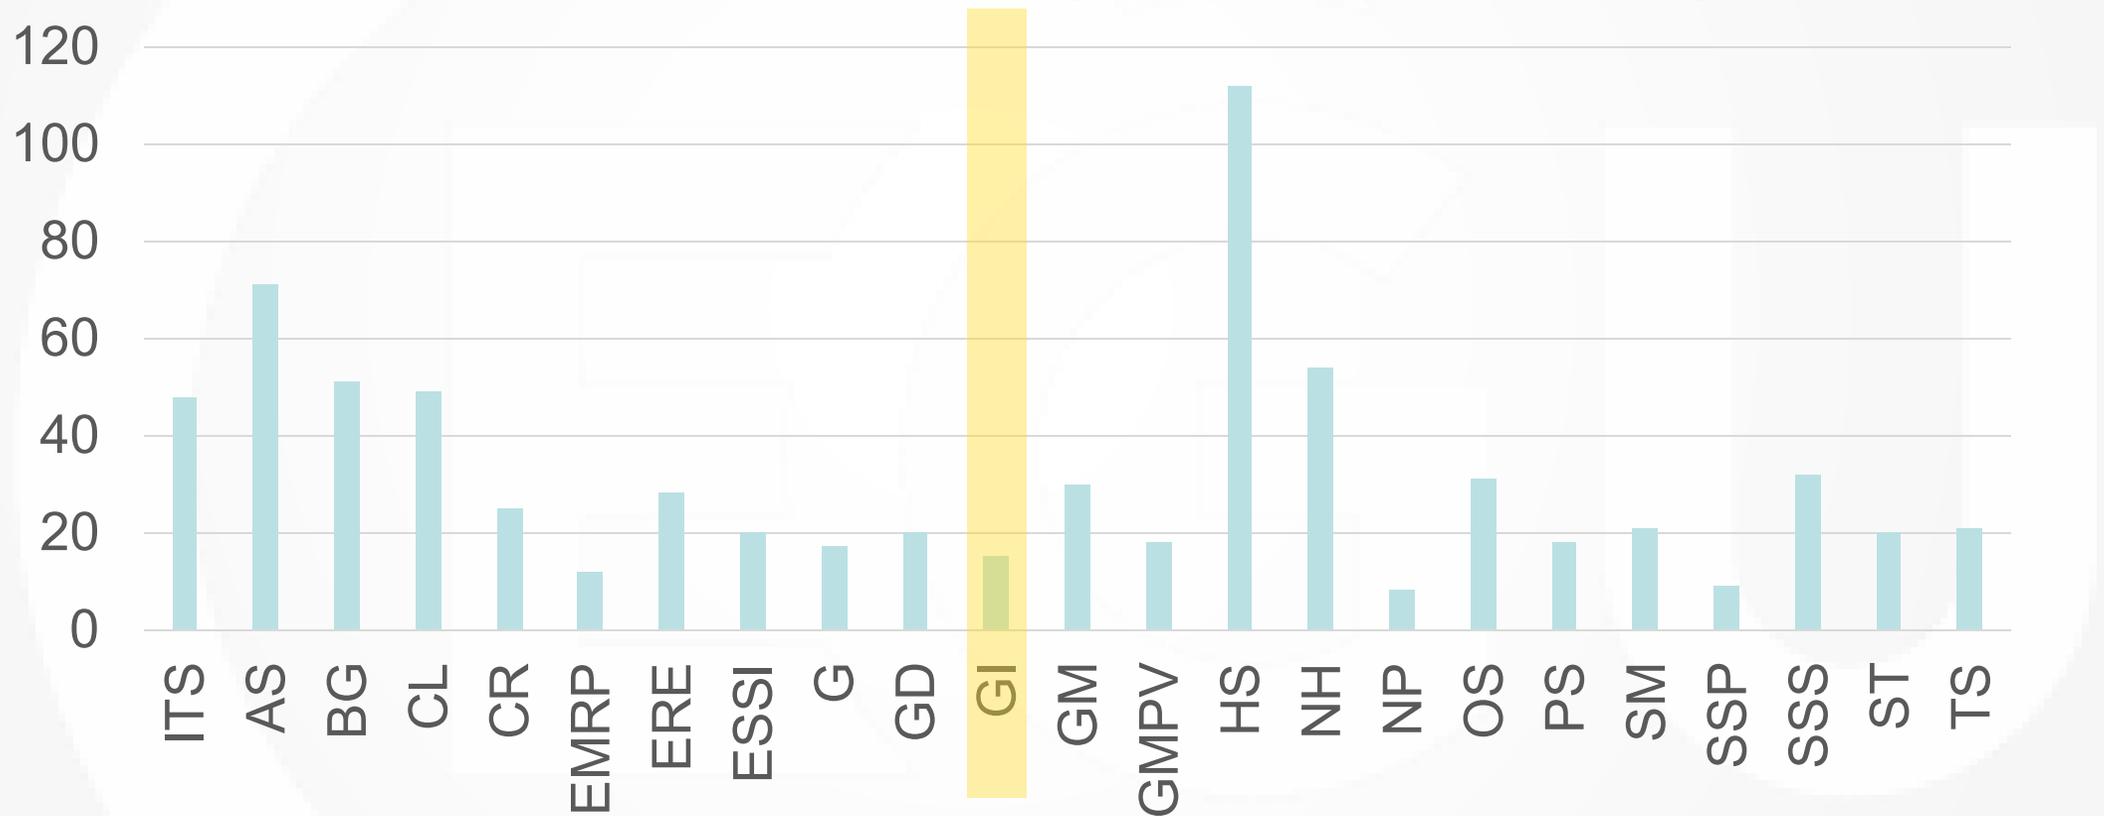

(note: a participant can choose more than one affiliation)

(as of 16 April 2025)

# Outstanding Student and PhD-candidate Presentations (OSPP) are now open for judging!

If you are an OSPP judge,  
look for the logos on OSPP  
presentations and submit  
your assessment today!

GI Division is  
working harder  
for you...

## **GI DIVISION ECS REPORT and SOCIAL MEDIA**

VERONICA ESCOBAR RUIZ Ph.D., Outcoming ECS Representative

More on: <https://www.egu25.eu/>

# ECS representatives

## Geosciences Instrumentation and Data Systems

**Veronica Escobar-Ruiz (outgoing Rep)**  
Research Support Scientist (University of Reading)

**Andrea Barone (outgoing Co-Rep)**  
Technologist (IREA - CNR)

## Aim

*Promote the importance of Instrumentation and Data Systems in Geoscience*

## Objectives

1. Create more visibility of the GI Division
2. Increase number of members
3. Provide a representation of GI ECS in the EGU GA

# Achievements

## » Campfires

- » Instrument Technology and its Application in Geosciences (Dec, 2023)
- » The role of AI in Geo-instrumentation and its advances in Information Systems - lack of speakers

## » Session (GA24 & GA25 )

- » Geo-Instruments Applications and Advances in Data Systems for Monitoring Natural Physical Processes (GA25) - Merged
- » Natural physical processes monitoring: Geo-instruments application and complex data analysis (GA24) – Merged
- » Transferable skills: what are they, and do I have them? –(GA24)

## Join a Science for Policy Session at EGU25!

**#Sci4Pol**

Find out how you can more effectively engage with policymakers and how your research can have policy impact.

### Science for Policy sessions

Listed under the "Policy" category of the EGU25 Programme!

### EGU25 Science for Policy Help Desk

12:00-13:00 CEST daily  
at the EGU Booth (Hall X2)

# Head on over to the EGU Booth!

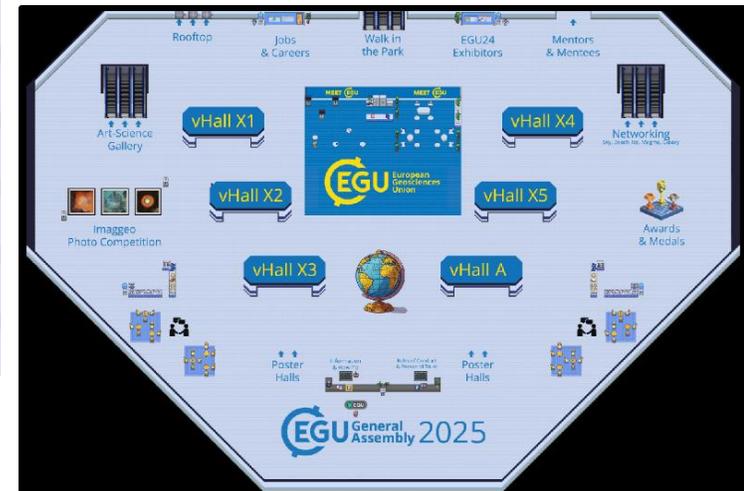

- Learn about EGU activities
- Meet members of the EGU Council & Committees
- Cast your vote for the photo competition
- Browse through EGU merchandise... and more!

# All the seats taken in a session? Missing a day for travel? Join EGU25 online!

- Interactive 8-bit conference platform available to all EGU25 registered participants
- Used for **virtual posters** during timeblock 3, networking & more
- Custom design inspired by the Austria Center Vienna!

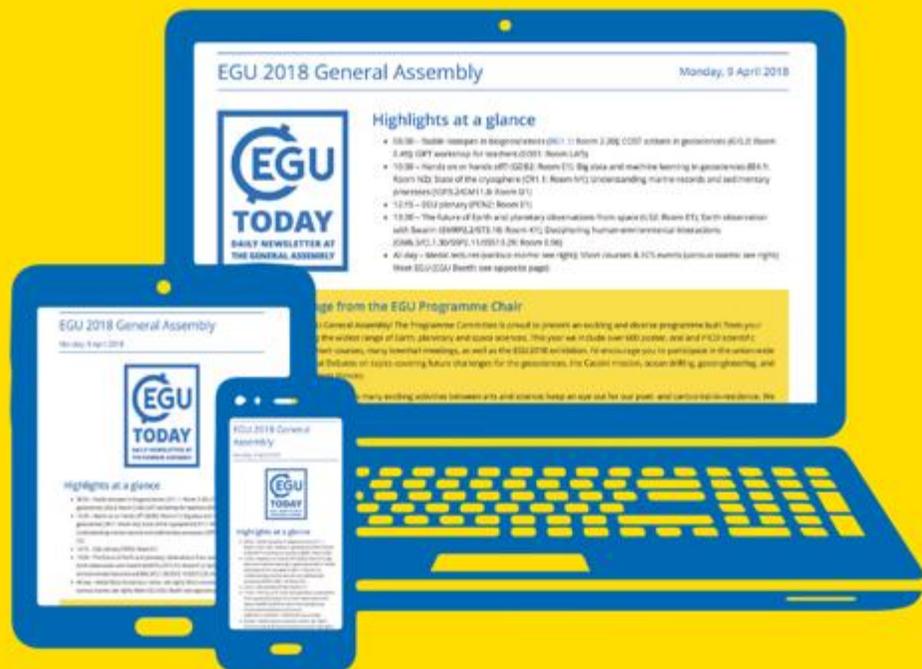

The Daily Newsletter  
at the General Assembly

EGU TODAY IS  
NOW DIGITAL!

[www.egu.eu](http://www.egu.eu) | [info@egu.eu](mailto:info@egu.eu)

All issues of the newsletter  
will be made available at

[www.egu.eu/egutoday/](http://www.egu.eu/egutoday/)

through the conference app  
and on screens inside the ACV.

# Apply for funds to run a training school or conference in 2026!

Photo credit: [V. De Micco, 2024](#)

The EGU Topical Events Committee provides **financial support** to training school and conference organisers, with intent to facilitate participation of early career scientists and/or to support the quality of the event's scientific programme.

Learn more about eligibility & **submit your application by 16 May 2025** 

# EGU Persons of Trust

We are committed to providing a **safe, open, accessible, and respectful General Assembly**, as per the EGU Code of Conduct.

Any behaviour that is disrespectful or violates the Code of Conduct can be **reported to the designated Person(s) of Trust**

- by emailing **conduct@egu.eu**
- or on-site, 8:00-17:00 at the **EGU Info Desk (Yellow level)**

A scenic landscape featuring a waterfall cascading over rocks into a pool. The background shows a wide valley with a mountain range under a blue sky. A large yellow speech bubble is overlaid on the scene, containing the text 'Please Give Us Feedback!'.

**Please  
Give Us  
Feedback!**

ECS representatives in EGU committees

- Programme + Finance committees (Union ECS rep)
- Outreach committee
- EDI committee
- Education committee
- Publication committee
- Incoming ERE division president

Becoming involved at the ECS level opens the door to further future involvement

→ Senior members, also worth for you to stimulate your people to get involved

## **GI DIVISION EDITORIAL JOURNAL**

JEAN DUMOULIN Ph.D., GI Executive editors

More on: <https://www.egu25.eu/>

## Geoscientific Instrumentation, Methods and Data Systems (GI)

# Journal Report to GI DM

29<sup>th</sup> April, 2025

### OUTLINES

1. Journal Scope
2. Journal Summary
3. Questions to address at the 2025 Editorial Meeting

The current executive editors:

Håkan Svedhem (since 2012) Jean Dumoulin (since 2019)

Francesco Soldovieri  
(since february 2024)

Anette Eltner (since October 2024)

## Geoscientific Instrumentation, Methods and Data Systems (GI) Journal Scope

### Challenging Mission: Multi-Trans-Inter Disciplinary Journal

It covers all aspects of instrumentation, methods and data systems across all fields covered by the EGU. A unique feature of the journal is the emphasis on the synergy between science and technology that facilitates advances in GI.

- concepts, design, and description of instrumentation;
- concepts, design, and description of data systems;
- retrieval techniques of scientific products from measurements;
- calibration and data quality assessment;
- uncertainty in measurements;
- newly developed and planned research platforms and community instrumentation capabilities;
- major national and international field campaigns and observational research programmes;
- new observational strategies to address societal needs in areas such as monitoring climate change, preventing natural disasters, and urban health monitoring;
- networking of instruments for enhancing high temporal and spatial resolution of observations;
- urban instrumentation and remote sensing;
- model-calibrated remote sensing;
- advanced data analytics and assimilation methods;
- multi-scale and multi-physical sensing;
- new concept in measurements system architecture;
- Internet of things (IoT) and massive low-cost instrumentation;
- citizen science data management;
- human sensing.

**524**  
Manuscripts submitted (all time)

**28**  
Articles published (report year)

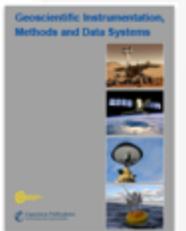

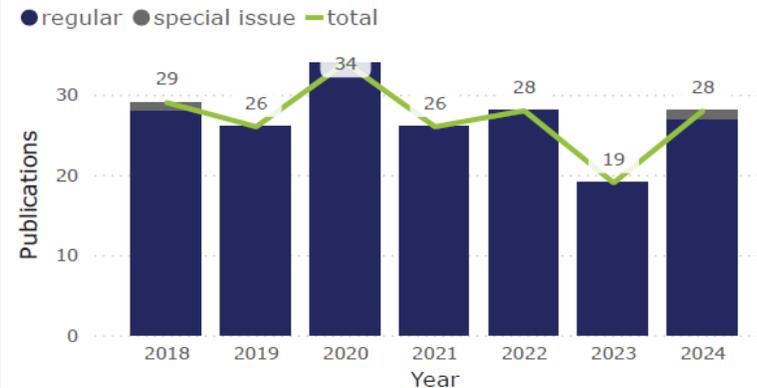

**47%**  
Relative change (pre-report year)

**384**  
Articles published (all time)

Manuscripts submitted by year of submission

Articles published by year of publication

### CURRENT SITUATION

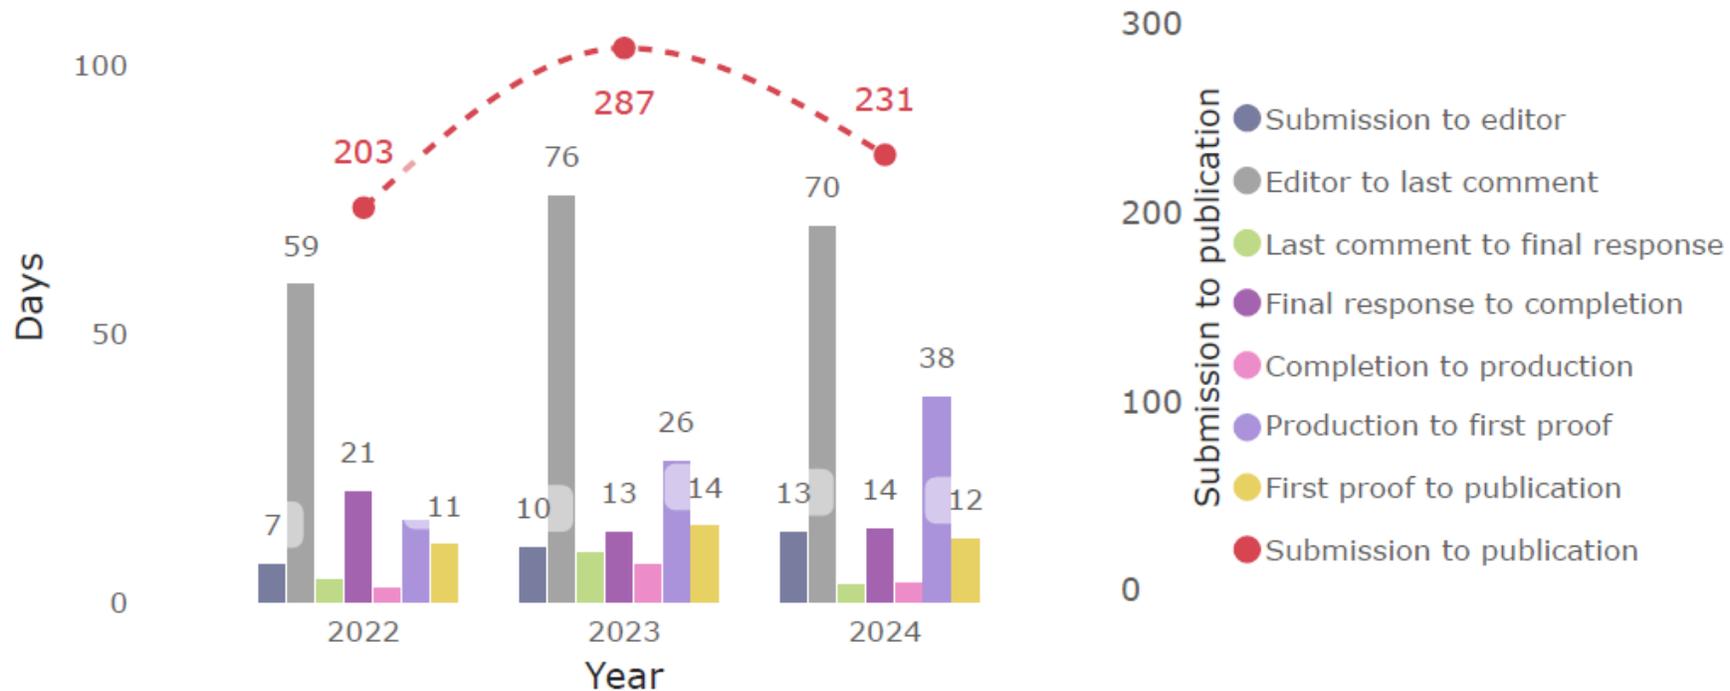

### Journal Summary

(2/3)

2024 submissions (as of March 2025):

34	3	3	0	13	15
Submitted of which:	Rejected (desk)	Withdrawn	Rejected (review)	Published	In progress

Processing times (days median) by year of journal publication

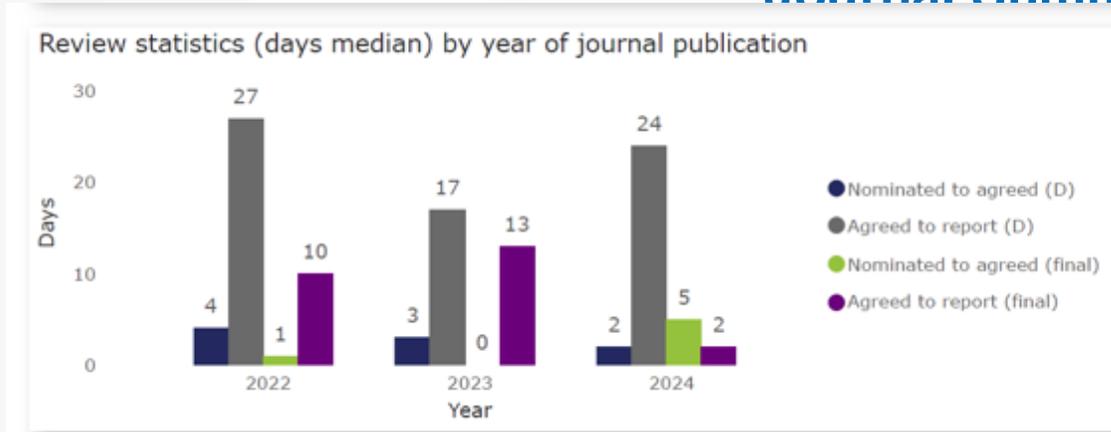

**CURRENT SITUATION**

(GI)

Journal Summary

(3/3)

In 2024, 15 editors over 36 handled 44 manuscripts. They took 3 day median to come to an initial decision after assignment. Editors nominated 584 reviewers and received 74 reports. It took 0 days median to come to a final decision after the last reviewer report was submitted.

**Renewing AE board**

For topics in :

- Hydrology
- Geomorphology
- Citizen science
- Signal and image processing
- Electromag
- Artificial Intelligence
- Instrumentation
- ...

Considering a Mix of early & advanced career scientist

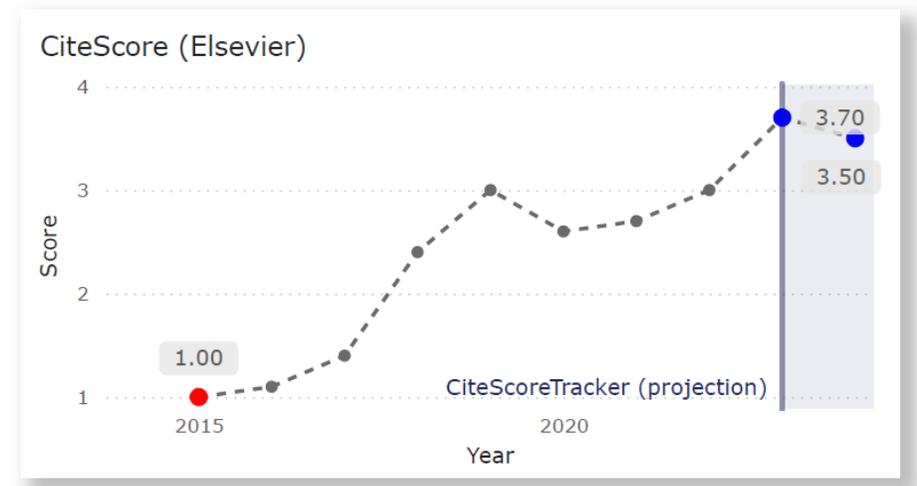

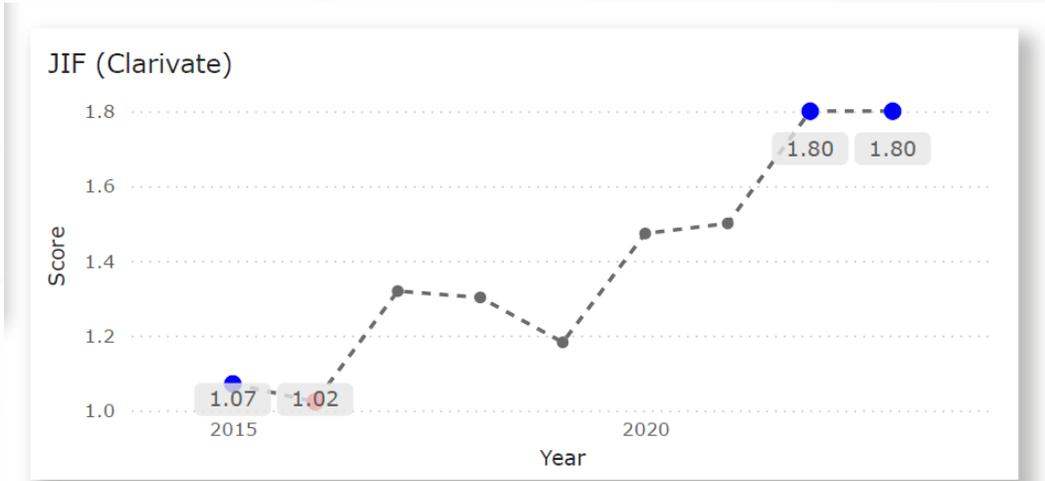

**CRITICAL ISSUES**

# Journal Metrics

Provider and Metric	Score	(year)
<b>Centre for Science and Technology Studies</b>		
SNIP	<u>0.84</u> ↑	2023
<b>Clarivate Analytics</b>		
JIF	<u>1.80</u> →	2023
JIF 5-year	<u>1.80</u> ↑	2023
<b>Elsevier</b>		
CiteScore	<u>3.70</u> ↑	2023
CiteScoreTracker	<u>3.50</u>	2024
Scimago H-index	<u>26.00</u> ↑	2023
SJR	<u>0.47</u> ↑	2023
<b>Google Scholar</b>		
Google h5-index	<u>17.00</u> ↑	2023
Google h5-median	<u>21.00</u> →	2023

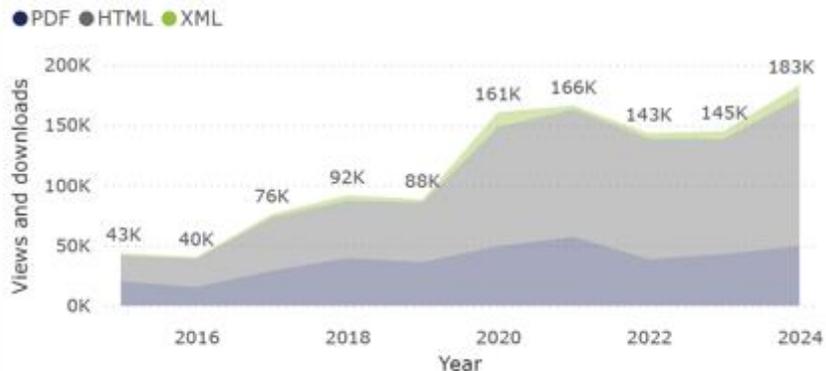

## Dissemination

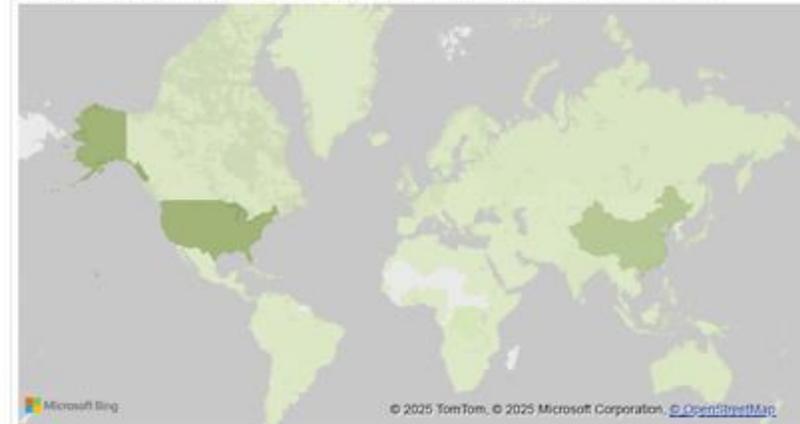

Geoscientific Instrumentation, Methods and Data Systems is indexed and archived in the following databases (as of March 2025):

Views and downloads by year and file type (article + preprint)

Global views and downloads of articles and preprints (report year)

## Follow-up of 2024 listed actions

- The renewal of the board of Associate Editors remains a crucial issue, given that it must also be expanded to specific disciplines. :  
Underground instrumentation & measurement systems, Ground instrumentation & measurement systems, Airborne Instrumentation & measurement systems, Space Instrumentation & measurement systems, Signal & Image processing, Monitoring systems, Numerical system Engineering, Urban Monitoring, Multi-scale monitoring, AI, ...  
➔ involving young and active researchers;
- A turn over of AEs ➔ Pursue the renewing of the editorial board to **strengthen it**
- Toward 2 Associate Editor Calls (with only few days of lag). Following that, proceed with the direct assignment of the AE by EE. ➔ **Improved now**, but should be more efficient with time)
- AEs should handle a minimum of 1-2 manuscript per year.
- APC reduction for early career scientist.
- Special issue linked to the EGU Division, to the EGU General Assembly and to multidisciplinary topics (i.e. Citizen science) still has to be encouraged.

## Follow-up of 2024 listed actions

Our journal is multidisciplinary

→ The present four EE's do their best to appropriately cover all the topics

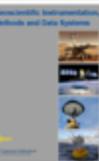

→ The addition of one more EE have improved the coverage and lower the workload

→ In addition, Håkan Svedhem ( co-founder of the GI journal in 2012) has indicated his desire to step down as EE, but will continue acting as AE.

Thus, there is a need for one to two renewal of EE's in the short to medium term

→ New EE's should have significant experience from editorial work, preferably having worked actively for some time as AE for the GI journal or a similar journal (EGU or non-EGU)

**EE's are appointed by the EGU council on recommendation from the EGU Publication committee**

**Thank you for your attention**

- Gravimetric, Magnetic and Electromagnetic, Instrumentations
- Instrumentations for Polar Regions and Harsh Environment
- New technological platforms for Earth Observation
- Space, Oceanic and Atmosphere Instrumentations

**2. Sub-Programme:**

- GI3: Planetary Atmosphere and Ocean instrumentation system

**ECS Co-Representative** (open from 1<sup>st</sup> of May to 1<sup>st</sup> of June, submitting a CV and a motivation letter (250 words max) to [ecs-gi@egu.eu](mailto:ecs-gi@egu.eu))

Name of the Sub-Programme G1, G5 and G6 updated to be more diverse and to avoid overlapping

**Thank you for joining us...**

**Let's VOTE!**

Proposal to the Assembly:

The Assembly is asked to vote to:

approve the opening of calls for the collection of curriculum vitae for the positions of Scientific Officer and Sub-programme Committee member (mentioned in the previous slides);

approve the open positions and the proposed assigned positions;

delegate the President and the Scientific Officers of the GI Division to review and select the best curriculum vitae received by the deadline indicated in the current Meeting discussion.

**The Assembly approved.**
