

EMRP Division Meeting

Fabio Florindo, Eric Font, Sergio Vinciguerra, George Balasis,
Saioa A.Campuzano and Anita Di Chiara

Friday, 23 April 2021

13:30-14:30

Meetings | Publications | Outreach | www.egu.eu

our virtual conference centre

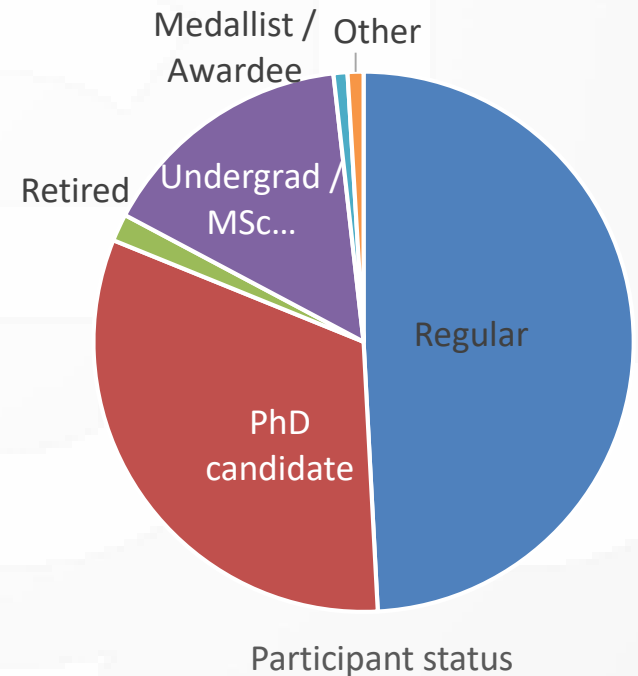

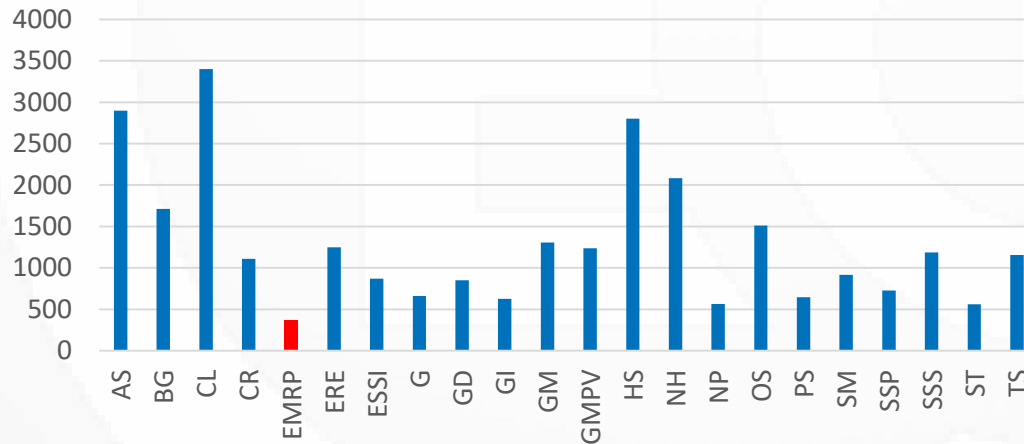

vEGU21: Sessions and abstracts, Schedule

- 13,801 abstracts in programme | -24% relative to 2020
- 843 active sessions | 636 vPICO sessions | 56 Short Courses | 32 Medal and Award Lectures
- **Week 1** (19-23 Apr): Union Symposia | Great Debates (Except GDB1) | most Medal and Award Lectures | most Division Meetings | 2 Short Courses per day
- **Week 2** (26-30 Apr): 38/39 parallel vPICO sessions | 4 Short Courses per day
- Networking Events (including pop-ups), Townhall Meetings, Side Events during both weeks
- EGU Plenary 19 Apr | Medal & Award celebration 22 Apr | Closing party 30 Apr

vEGU21: Registration numbers and breakdown

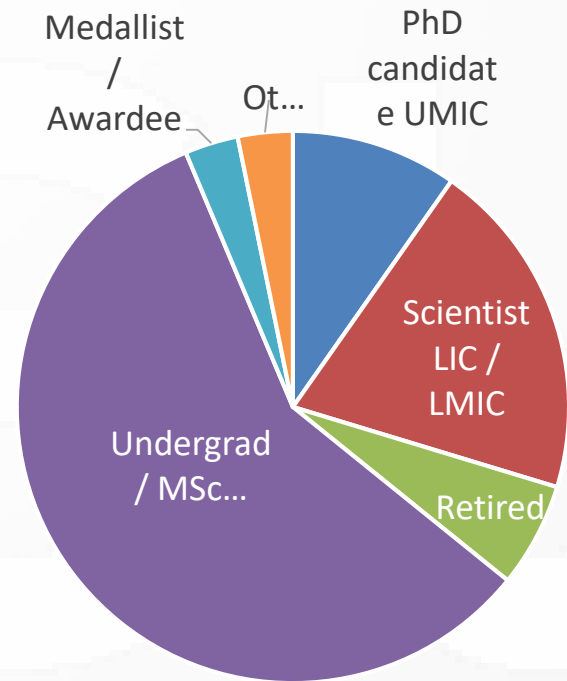

- 15,003 registrations (20 April 2021)
- Participants from 126 countries

Participants Division affiliation

vEGU21: Registration fee waiver programme

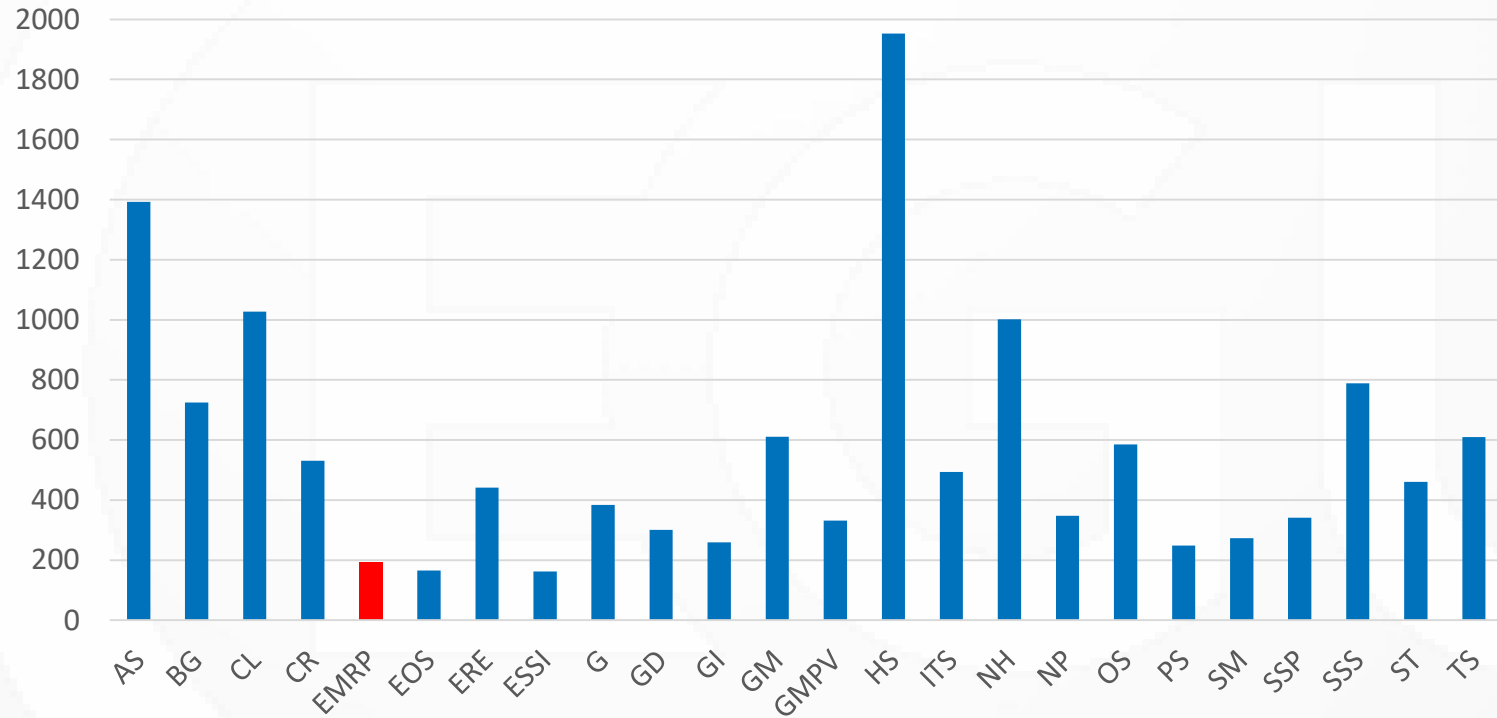

- 3,675 registration waivers granted:
 - All scientists from Low / Lower-Middle Income Countries*
 - PhD candidates from Upper-Middle Income Countries*
 - Undergraduate and Master Students
 - Retired members of EGU
 - Medallists
 - Others (Teachers, Journalists, ...)

Registration Waivers

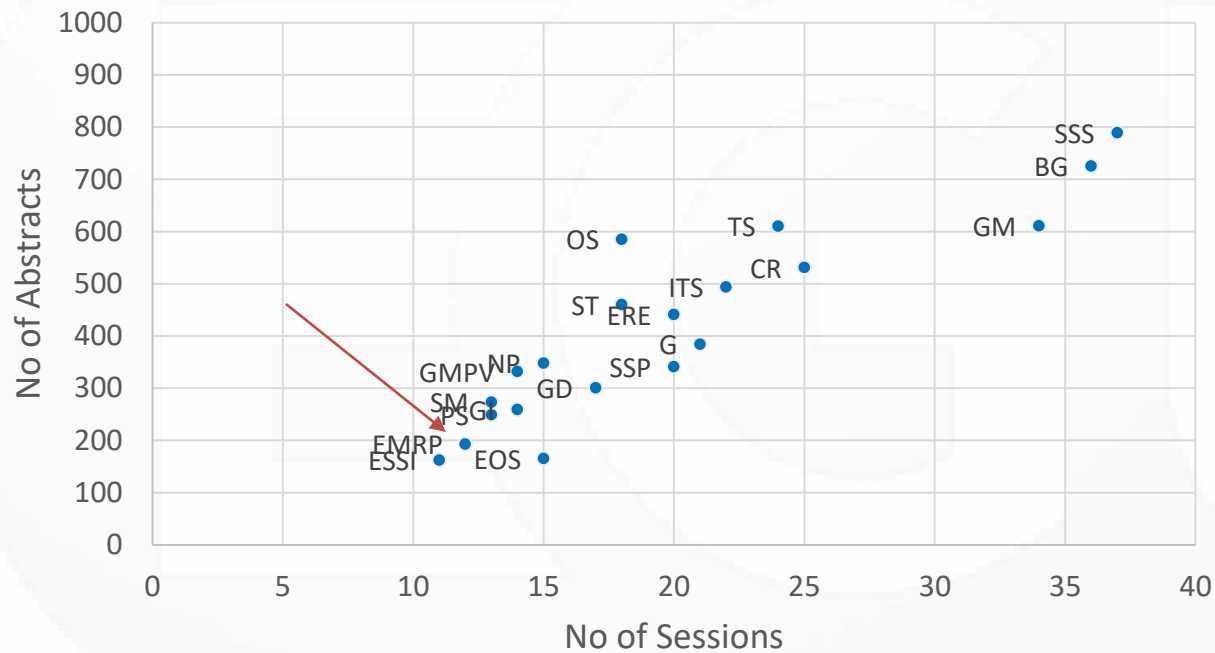

* World Bank Definition

vEGU21: Abstracts per Programme Group

vEGU21: Abstracts / Sessions per Programme Group

All Programme Groups except AS, CL, HS, NH

Virtual PICO statistics

12 lead sessions, 192 abstracts

19 co-organized sessions, 448 abstracts

Total abstracts: 640

2020 statistics

EMRP abstracts 2020: 277
(9 lead sessions)

EMRP abstracts 2020: 868
(23 co-organiz sessions)

Early-Career Scientist Events at vEGU21

- 56 Short courses
 - 34 Short courses ECS as head-convener
- 21 Networking event led by and aimed at ECS
- 3 Great Debates led by ECS
- Jobs and Career Center initiatives
 - Meet the exhibitors
 - Meet the Talents
 - Blog on CV writing
 - Online CV-sticker
- Outreach
 - Introducing ECS Reps via EGU Blog
 - Blogs and Social Media blurbs about ECS-events

#vEGU21 Networking

- Scheduled networking events (Division, ECS, etc.), including on Gather.town
- Pop-up networking events
- EGU committee meet & greets
- Viennese settings (café, art exhibits, cooking)
- Quiet room (Spotify playlist)
- vEGU21 platform built-in networking capabilities (networker, handshake)

Networker Tool

- Fill out your profile information and decide what you want others to see
- Add people to your network using their email address
- During vEGU21: see who is in the room with you and extend your network using the “Handshake” tool
- Start chats or meet on other platforms with your online connections at any time

vEGU21 Getting to grips with Gathertown

Many Division-wide and ECS Division-wide networking events will be using the Gathertown platform. As a new platform to many this flyer will note how Gathertown works for both attendees and conveners.

The best way to get to know the platform is to use it. The link below will take you to one of the two standard spaces to be used during the assembly. Both spaces are identical; only the link varies between them. Expect only very minor changes to the spaces moving forward.

Gathertown space: <https://gather.town/i/wwsPoATP>

Since its founding, the EGU has worked to ensure equitable treatment for everyone in our community with the goal of increasing our diversity at EGU events and on EGU committees and boards.

Founding members of EGU's
Equality, Diversity and Inclusion
Working Group at the EGU 2019.

Equality, Diversity and Inclusion (EDI) Events at vEGU21

To help ensure equitable treatment for everyone in our community, the EGU's [Equality, Diversity and Inclusion \(EDI\) Working Group](#) has organized a number of sessions, Short Courses, and other events during vEGU21.

Short courses

- SC2.8 Promoting Diversity in Geosciences | 19 Apr 10:00 – 11:00 CEST
- SC2.9 Practical Recommendations on how to combat discriminatory work environments in the Geosciences | 19 Apr 14:30 – 15:30 CEST
- EOS5.1 Promoting and supporting equality, diversity and inclusion in the geosciences | 26 Apr 11:00 – 14:15 CEST - **UPCOMING**

Keynotes live events

- GDB5 Bullying in Academia: towards creating a healthy and safe working environment (ECS Great Debate) | 22 Apr 09:00 – 10:30 CEST
- GDB1 Challenging discrimination in the geosciences: Amplifying unheard voices | 26 Apr 15:00 – 16:30 CEST - **UPCOMING**

Equality, Diversity and Inclusion (EDI) Events at vEGU21

Scientific sessions

- EOS5.1 Promoting and supporting equality, diversity and inclusion in the geosciences | 26 Apr 11:00 – 14:15 CEST - **UPCOMING**

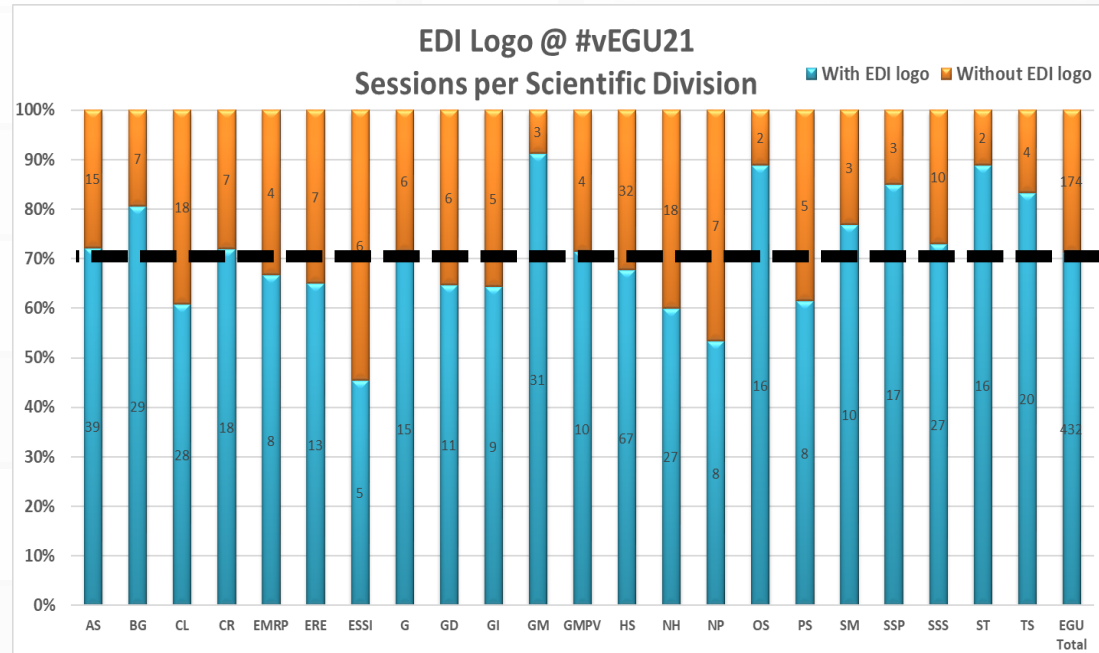

Networking events

- EDI Networking Event | 26 Apr 17:00 – 17:30 CEST - **UPCOMING**
- EGU Pride | 19 Apr 17:30 – 19:00 CEST

and more... !

For additional info: edi@egu.eu

EDI 

Session conveners fulfill all three criteria:

1. Include conveners from **multiple countries and institutes**
2. Have conveners from **different career stages**, including at least one ECS
3. Include conveners that represent **more than one form of gender identity**

Subdivisions of the EMRP Division

EMRP1

Rock and Mineral Physics

EMRP2

Geomagnetism

EMRP3

**Paleomagnetism and
Environmental Magnetism**

President:	Fabio Florindo	INGV (Italy)
Vice-Presidents:	Eric Font	Univ. Coimbra (Portugal)
	Sergio Vinciguerra	Univ. of Turin (Italy)
Secretary:	George Balasis	NOA (Greece)
ECS Representative:	Saioa Arquero Campuzano	IGEO (Spain)

ECS= Early Career Scientists

***EMRP ECS
Representative
2020-2022***

Saioa A. Campuzano
Institute of Geosciences IGEO-Madrid

EGU has 22 Scientific Divisions and one ECS Rep per Division

But what is an ECS?

Several definitions depending on the institutions but the EGU definition is:

- Undergraduate, Master students and PhD candidates
or
- A scientist that has received their highest degree (BSc, MSc, PhD) within the past 7 years*. *Provided parental leave fell into that period, up to one year of parental leave time may be added per child, where appropriate.

What ECS do at EGU

- Organize **scientific sessions** (proposal at the end of August) and short courses
- Participate at the **Division ECS Team** (Outreach, blogging, Webinars, Networking events..)
- Participation in the Work-Life Balance **Working Group**, ECS visibility, ECS Jobs & Careers (**ECS Committee**)
- **EGU Campfires**
- Be the **next Division Representative** (Incoming Rep in 2022)

FUTURE
Blog Team

Maybe in the future – but for that we need more people in the team – are you interested? Contact us on Slack, Social Media or email!!

What we do

EMRP ECS Rep

- Coordinate the EMRP ECS Team
- Support ECS across EGU
- Represent the EMRP ECS interests at EGU Council
- Participation in the Work-Life Balance Working Group (ECS Committee)
- vOSPP (Outstanding Student and PhD candidate Presentation) coordinator

Social Media Team

- Advertise EGU events and activities
- Share seminars/jobs/events of interest by EMRP Community

What we do

Slack Team

- Engage new people to the EMRP ECS Team. If you are interested, please **put your email in the chat** and we invite you to the channel. You can participate actively but also just show your support sporadically with some tweet/retweet/post, etc.
- Connect with other EMRP ECS – improve networking

#introduction ☆

Conversaciones ajenas al trabajo y charlas para socializar

Monday, 29 March ▾

Saioa A. Campuzano 10:40

has renamed the channel from "varios" to "introduction"

Saioa A. Campuzano 10:41

Hi everyone!! I'm Saioa, the current ECS Representative of the Earth Magnetism and Rock Physics (EMRP) Division. I study the evolution of the geomagnetic field using magnetic records remaining in rocks and satellite data. I'm very interested in some of the most intriguing features of our magnetic field such as the South Atlantic Anomaly and the geomagnetic jerks. Now I'm working as a postdoc at IGEO-CSIC (Spain) and during more than two years I was working as a postdoc at INGV (Italy). During my free time I love reading, baking, and of course, spend time with friends 😊.

Anita Di Chiara 13:51

joined #introduction along with 2 others.

Friday, 9 April ▾

Saioa A. Campuzano 09:31

Hi @channel! I see new people in our team!! That is great!! I suggest that everyone put here a little introduction about themselves to make it easier the interaction. Thanks!! :-)

Anita Di Chiara 09:51

Hi everyone, I'm Anita (pronouns she/her), the current Union ECS (=Early Career Scientist) representative of EGU, and former ECS Rep for the EMRP Division.

I study the evolution of the paleomagnetic field strength and directions in the Precambrian, in the Cretaceous and Pleistocene-Holocene on volcanic and sedimentary rocks and archeological objects, both to reconstruct geomagnetic field origin and behavior and using it for dating. I'm currently postdoc at INGV -Rome and Scripps (California). During my free time I do rock climbing. Looking forward to help you all, Saioa and our Division President Fabio with Division related activities and social media presence.

EGU awards and medals

Every year the EGU awards & medals programme recognises eminent scientists for their outstanding research contributions in the Earth, Planetary and Space sciences.

Union medals, which honour lifetime achievements or exceptional contributions to science

Union awards, including the Arne Richter Awards for Outstanding Early Career Scientists

Division medals for active scientists to recognize outstanding achievements

Division Outstanding Early Career Scientists Awards (formerly Division Outstanding Young Scientists Awards)

Last year, due to the pandemics we were forced to rapidly reorganize our plans at EGU and we postponed the award lectures to this year.

The 2020 Petrus Peregrinus Medalist

This medal was established by the Earth Magnetism & Rock Physics Division in recognition of the scientific achievements of [Petrus Peregrinus](#). It is awarded for outstanding scientific contributions in the fields of magnetism and palaeomagnetism.

The 2020 Petrus Peregrinus Medal is awarded to Rixiang Zhu for his outstanding accomplishments in magnetism and paleomagnetism and his extraordinary support of the scientific community.

15:10–15:55 | EGU21-16330 ★ | Petrus Peregrinus Medal Lecture 2020 

[Early humans in East Asia: Insights into climatic influence on human evolution](#) ▶

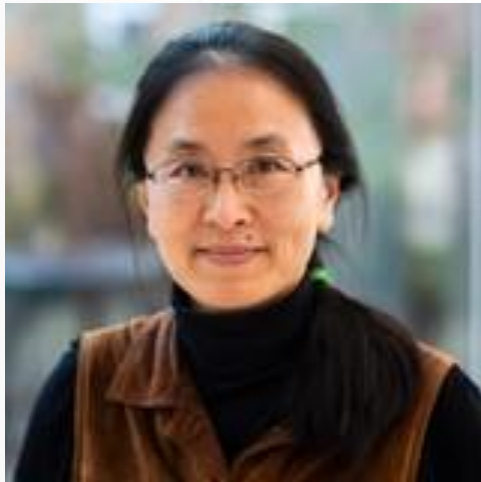

Rixiang Zhu

Our warmest congratulations, Rixiang!

The 2020 Louis Néel Medalist

This medal was established by the Earth Magnetism & Rock Physics Division in recognition of the scientific achievements of [Louis Eugène Felix Néel](#), who shared the 1970 Nobel Prize in Physics for his fundamental research and discoveries concerning antiferromagnetism. This medal is awarded to individuals in recognition of outstanding achievements in rock magnetism, rock physics and geomaterials.

The 2020 Louis Néel Medal is awarded to Wen-lu Zhu for her exceptional contributions to understanding coupling between fluids and rock deformation and in recognition of her role in promoting women in science and rock physics globally.

10:40–11:25 | EGU21-8520 ★ | Louis Néel Medal Lecture 2020

[New Constraints on Fault Nucleation and Propagation Using Dynamic Microtomography Experiments](#) ▶

Wen-lu Zhu

Our warmest congratulations, Wenlu!

The 2021 Petrus Peregrinus Medalist

This medal was established by the Earth Magnetism & Rock Physics Division in recognition of the scientific achievements of [Petrus Peregrinus](#). It is awarded for outstanding scientific contributions in the fields of magnetism and palaeomagnetism.

The 2021 Petrus Peregrinus Medal is awarded to Kenneth P. Kodama for fundamental contributions quantifying the physical mechanisms that control palaeomagnetic records in sedimentary rocks and for advancing the discipline of rock magnetic cyclostratigraphy.

16:15–17:00 | EGU21-522 ★ | Petrus Peregrinus Medal Lecture 2021

[High-Resolution Chronostratigraphy for Sedimentary Rocks using Rock Magnetics](#) ▶

Kenneth Kodama

Our warmest congratulations, Ken!

The 2021 EMRP Division Outstanding Early Career Scientist award

The Division Outstanding Early Career Scientist Awards (formerly Division Outstanding Young Scientists Awards) recognise scientific achievement made by an Early Career Scientist in the field(s) covered by the related division.

The 2021 Division Outstanding Early Career Scientist Award is awarded to François X. Passelègue for his outstanding research in the field of experimental rock physics and novel understanding of earthquake dynamic rupture nucleation and propagation, and frictional and ductile processes.

11:45–12:30 | EGU21-9725 ★ | EMRP Division Outstanding ECS Award Lecture 2021

[The dynamics of earthquakes rupture : A view from the laboratory](#) ▶

Francois Passelegue, Federica Paglialunga, Alexandre Schubnel, and Giulio Di Toro

Our warmest congratulations, François!

EMRP Medal Committees – rules:

A least one member of the committee shall be rotated every year.

The committee must have minimum three members and a chair.

Who will be rotated:

- Members who terminated his/her term (4 years maximum)
- Members who wish to step down.
- If none of the above, the longest served or less active member can be rotated.

New members:

- Preferentially past medalists
- Preferentially at least one member who is not a past medallist.
- Consider balance of topical/gender/geographical/age/...

EMRP Medal Committees, Medallists, Awards

EGU Louis Néel medal committee

Philip Meredith rotated off

New Chair: Christopher J. Spiers

Members:

Michael Kosterlitz (replacing Harry Green 2018 medalist, passed away)

Chris Marone (2019 medalist)

Wenlu Zhu (2020 medalist)

EGU Petrus Peregrinus MEDAL committee

John Tarduno rotated off

New Chair: Catherine Kissel (medalist 2019),

Members:

Mioara Manda (medalist 2018),

Zhu Rixiang (medalist 2020)

Kenneth Kodama (medalist 2021)

Jonathan Aurnou (not a past medalist)

I take this opportunity to thank **Philip Meredith** and **John Tarduno** very much for their support and efforts in managing all this.

I want to point that their contribution to the committees, and to the emrp community in general sense, over these years has been terrific!

AWARDS & MEDALS

EGU awards & medals

How to nominate

Where:

<https://www.egu.eu/awards-medals/nominations/>

When:

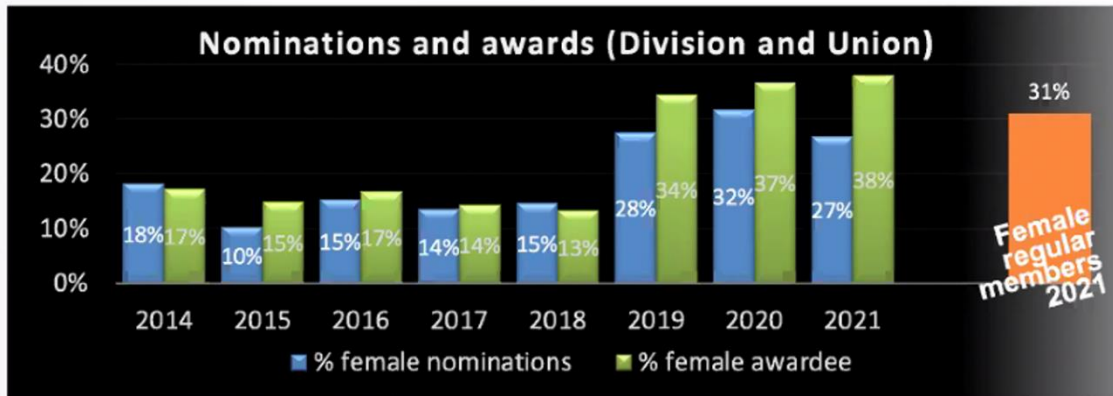

from now to June 15

What is required:

	Division and Union medals	Outstanding Early Career Scientists Awards
Nomination letter	1 page	½ page
Curriculum Vitae	2 pages	1 page
Selected bibliography	2 pages	½ page
Supporting letters	3-5 (maximum 1 page each)	-

EGU awards & medals

We encourage **all** members to contribute to the awards program by nominating suitable candidates. When nominating please think about people who may have been overlooked in your discipline

Over the past years the fraction of awards and medals obtained by women has increased. This is due to the increase in nominations.

Promoting and supporting equality, diversity and inclusion in the geosciences

Session EOS5.1 - Monday 26 April, 11:00-12:30, 13:30-14:15

<https://meetingorganizer.copernicus.org/EGU21/EGU21-651.html>

EMRP OECS AWARD FOR 2021-2022

- An Early Career Scientist (ECS) is a student, a PhD candidate, or a practising scientist who received their highest certificate (e.g. BSc, MSc or PhD) **within the past seven years.**

The seven-year period can be extended to allow for periods when the scientist was not working in science because of, but not limited to, caring and/or parental responsibilities, disability, personal illness, community obligations or national service.

- For the purpose of the awards the nominee should satisfy one of the above criteria by 1 January of the year when the award is presented.

Nominations for 2022 ECS Award
by 15 June 2021

Remember that from this year the Louis Nèel and the Petrus Peregrinus medals are given in alternate years

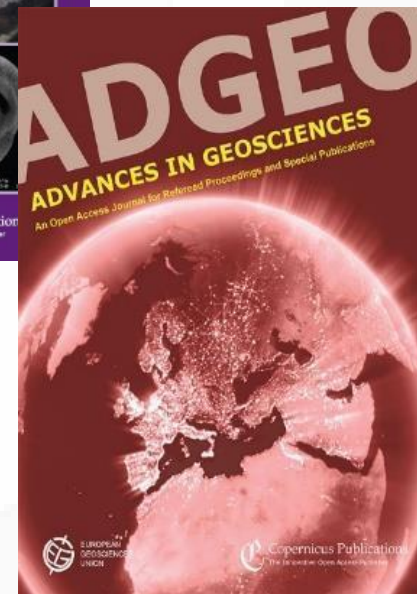

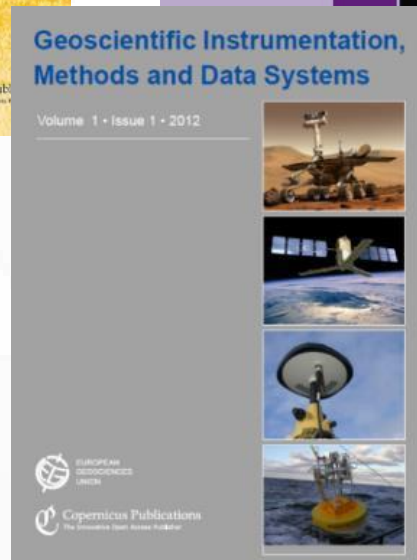

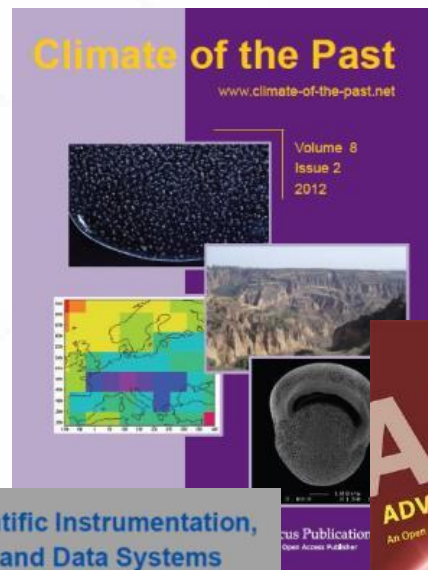

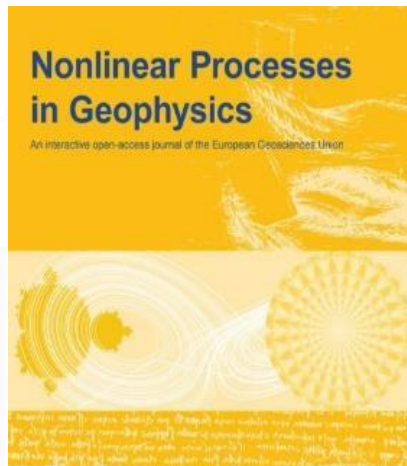

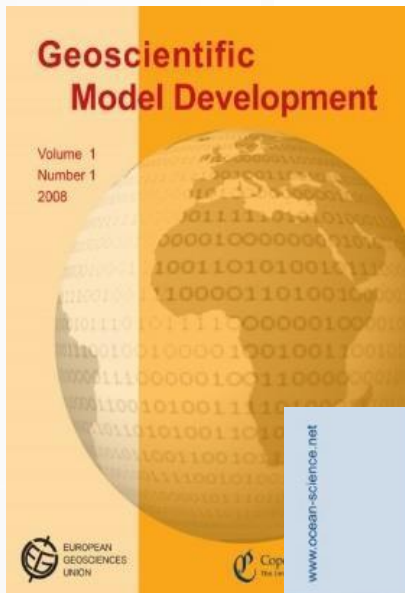

(from the Awards Committee EGU Council Meeting 13-14 Feb 2020)

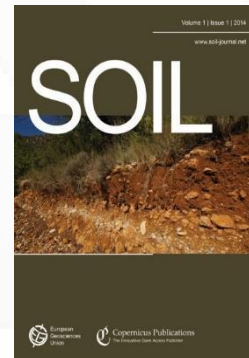

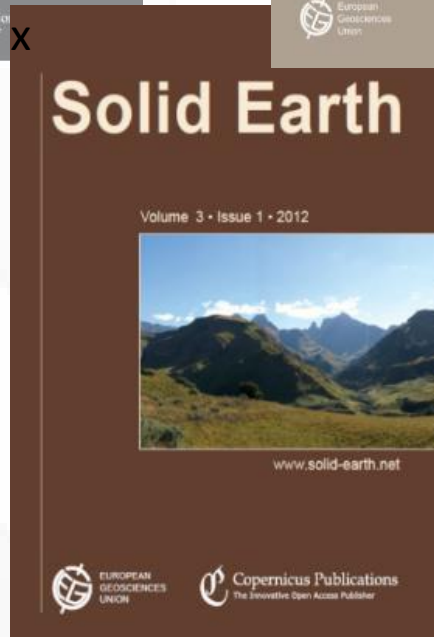

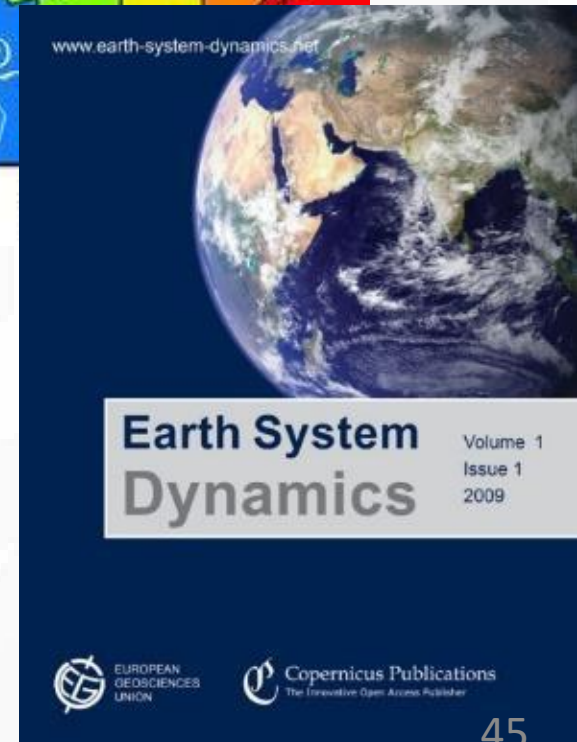

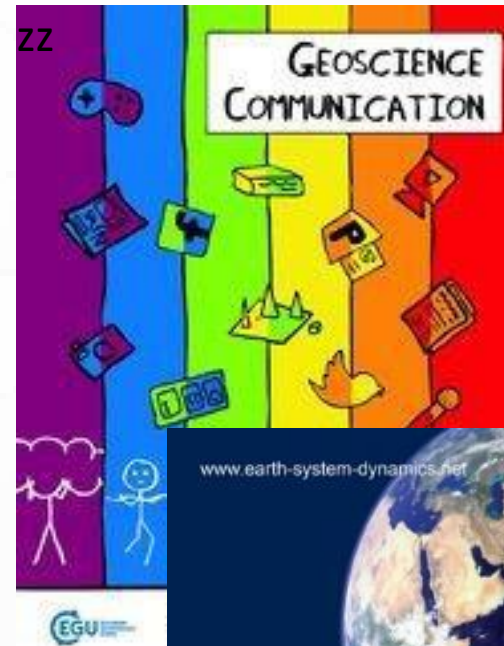

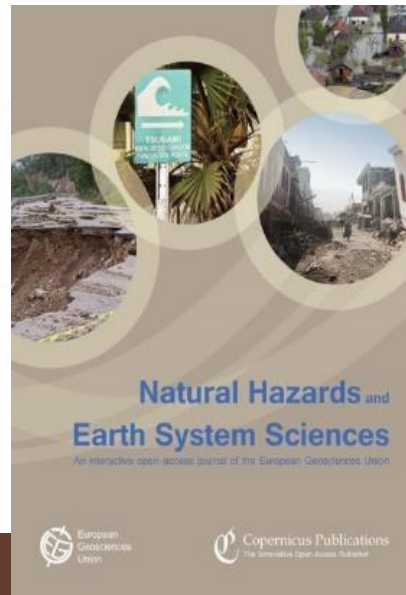

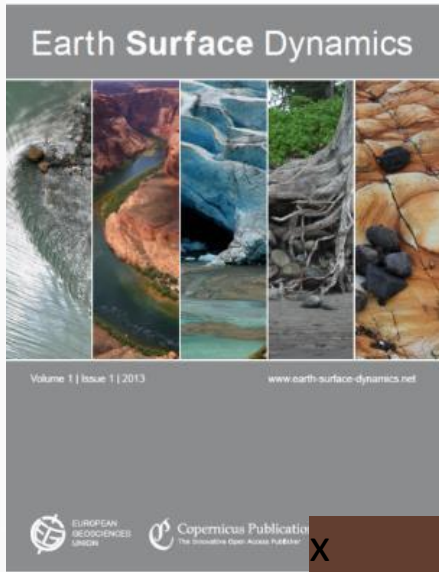

The 2022 Louis Néel Medallist

- EGU features an extensive awards and medals programme on all career stages
- Nominations are exclusively by EGU members* while candidates do not need to be EGU members. (*An exception is one award to promote excellence in journalism allowing nominations from non-members and self nominations)
- Individual award and medal committees are then evaluating the nominations selecting the most deserving candidate based on scientific achievements**.
- (**plus one medals each for journalism and for outreach and service to the union)

Editors-in-chief: Ioannis A. Daglis, Christoph Jacobi & Ingrid Mann

Annales Geophysicae (ANGEO) is a not-for-profit international multi- and inter-disciplinary scientific open-access journal in the field of solar–terrestrial and planetary sciences. ANGIO publishes original articles and short communications (letters) on research of the Sun–Earth system, including the science of space weather, solar–terrestrial plasma physics, the Earth's ionosphere and atmosphere, the magnetosphere, and the study of planets and planetary systems, the interaction between the different spheres of a planet, and the interaction across the planetary system. Topics range from space weathering, planetary magnetic field, and planetary interior and surface dynamics to the formation and evolution of planetary systems.

EGU

1. The nomination process is completely open and we would like to see more nominations from all subdisciplines
2. There is no preference for subdiscipline
3. The review process is thorough and rigorous and choices based on scientific achievements/contributions
4. The review committee and EGU in general adheres to rigorous conflict of interest of procedures
