EGU12 – Scheduling Criteria

- Consider all Conveners requests (!!!)
- Avoid overlapping among similar topics within the Division and between Divisions (tagging)
- Uniform distribution of orals and posters during week
- Posters clustered in the 5th block

Constraints

- Number of time blocks and rooms
- Scheduling poster after orals (also on Friday)
- First author rule (one invited talk is exempted, education sessions are exempted)
- At least 1-2 YS talks per each oral block

EGU12 - Contributions and conference quality

- It is our feeling (many feedbacks !) that the quality of the contributions is very good. Thanks to the SSS community!!
- EGU made a substantial effort to coordinate among Divisions (thanks to PC Chair, Bruce Malamud).
- Conveners very efficient in organising the sessions. Thanks!
- Facilities: power of internet service was doubled from last year. Is that true ?
- Issues to bring to Council?

THANKS
