

# CL Division Meeting

Irka Hajdas

Kerstin Treydte

---

EGU22| May, 24th, 2022

## A short address

Dear all,

During the last two years we have been pushed to completely change our perspectives on EGU General Assembly but this year we are back in Vienna.

The programme committee of the EGU and at the forefront, the programme committee chair Peter van der Beek, have done an incredible job in preparation this second virtual EGU meeting. The great support of Copernicus Office is invaluable. **MANY THANKS to ALL!**

During this week you will be able to participate in Medal Lectures.

A warm welcome to the participants for whom this EGU22 is the first conference

Enjoy EGU22  
Irka and Kerstin

## Agenda for the meeting:

- 1./ Structure and team for the division
- 2./ An overview of the programme of #EGU22
- 3./ CL division medals
- 4./ ECS team
- 5./ Outreach
- 6./ Journals of interest
- 7./ EGU G.A. 2023
- 8./ AoB?

As always, we value your opinion and we look forward to reading your opinion. Do not hesitate to fill the survey: <https://egu2020.eu/feedback> and to send an email to [cl@egu.eu](mailto:cl@egu.eu)

12 May 2022

---

Meetings | Publications | Outreach | [www.egu.eu](http://www.egu.eu)

## EGU22: Sessions and abstracts, Schedule

- 12,615 abstracts in programme | -9% relative to 2021
- 777 active sessions | 614 short -oral sessions | 54 Short Courses | 35 Medal and Award Lectures
- 65 Networking and Community Events (excluding pop -ups), Townhall Meetings, Side Events, Splinter Meetings
- EGU Plenary 23 May 12:00 CEST (Room E1) | Medal & Award celebration 25 May 17:30 CEST (Room E1)

## EGU22: Registration numbers and breakdown

- 7280 on-site registrations
- On-site participants: 88 countries
- 4384 virtual registrations (12/05 21:00)
- Virtual participants: 107 countries

## EGU22: Abstracts per Programme Group

## EGU Membership as of 13.05.2022

- 14,988 members (9.135 ECS)
- Gender balance: 60.1% male | 37.1% female | 0.3% non-binary | 2.5% prefer not to say

# Early Career Scientist activities at EGU22

## Networking:

- **NET2** First-time attendee and mentee meet -up (onsite only), Mon, 23 May, 12:00 –13:00 (CEST)
- **NET3** ECS networking reception (onsite only), Tue, 24 May, 19:00 –20:30 (CEST)
- **NET4** ECS Forum (onsite only), Thu, 26 May, 17:00 –18:30 (CEST)
- **Pop-up networking events** for icebreakers, socials and discussions (virtual and onsite)!

## Short Courses (a selection):

- **SC1.1** How to navigate the EGU: tips and tricks, Mon, 23 May, 10:20 –11:50 (CEST)
- **SC1.2** How to get involved with EGU, Tue, 24 May, 15:10 –16:40 (CEST)
- **SC2.2** Careers inside and outside of academia: Panel Discussion, Tue, 24 May, 15:10 –16:40 (CEST)
- **SC2.3** How to Find Funding, Tue, 24 May, 08:30 –10:00 (CEST)
- **Jobs and Careers support** in the Virtual Conference Centre and EGU Booth
- Look for the **ECS** logo in the programme!

# Equality, Diversity and Inclusion (EDI) at EGU22

- **NET1** “The Leadership” – directed by Ili Baré film screening | 23 - 30 May
- **US1** Changing the Faces of Leadership at the Geoscience - Policy Interface | 26 May 15:10 –16:40 CEST
- **US3** The future of (geo)scientific conferences | 24 May 13:20 –16:40 CEST
- **US4** Scientific neo -colonialism: what is it and why should you care? | 24 May 17:00 –18:30 CEST
- **GDB1** Towards an academic evaluation system that celebrates diversity of talent | 23 May, 10:20 – 11:50 CEST
- **EOS3.1** Promoting and supporting equality, diversity and inclusion in the geosciences | 24 May 08:30–10:00 CEST
- **SC2.5** ADVANCEGeoWorkshop - Strategies for Improving Workplace Climate in the Geosciences | 24 May 13:20 – 14:50 CEST
- EDI Networking Event | 26 May, 19:00 –20:00 CEST
- **EGUpride** icebreaker| 22 May, 19:00 –21:00 CEST and **EGUpride** networking | 26 May, 18:00 – 19:00 CEST
- Did This Really Happen (DTRH) comics and EGU colouring book (part 2!)
- EDI Booth.... AND MORE!

## EGU22 outreach activities

- **EGU Public Lecture** : “Geothermie - Energie aus der Tiefe” (Geothermy - energy from the depths) by Maria -Theresia Apoloner | Zentralanst. f. Meteorologie und Geodynamik (ZAMG) - 24 May 18:00 at the Austrian Academy of Sciences and online.
- **EGU Mentoring** : 48 mentees for 20 mentors applications.
- **Croome award lecture** by Robin George Andrews 24 May 19:00 CEST Room E1
- **Teaching/scientist pairing scheme**

## EGU22 Survey

- Distribution:
    - via email to participants and EGU members after EGU22
    - links on social media & blog
    - [egu22.eu](https://www.egu22.eu) website
  - Survey live during EGU22 and until end of June
- ➔ <https://www.egu22.eu/feedback>

# EGUsphere - The EGU interactive community platform

- EGUsphere, the not -for -profit open access preprint repository of the European Geosciences Union (EGU).
- Inclusive | Transparent | Interactive
- Find out how to post your conference abstract, presentation, or journal preprint in the Earth, space, and planetary sciences !

VISIT: <https://www.egusphere.net/>

- *Why did you change the date of EGU22 from early April to late May?*

This decision was made in January at the beginning of the omicron wave. There was considerable anxiety within the community about attending an in-person event in these conditions. Moreover, Austria limited the maximum event size to 2000 seated people (and even less standing), with no indication of when that rule would be relaxed.

Under these conditions, when the ACV proposed an alternative date (due to the cancellation of another conference) we decided to do this, in order to maximise the chance of having an in-person component to EGU22

- *Will the date of the General Assembly change again in future?*

This was the first time in the history of the EGU General Assembly that we have had to change the date and we sincerely hope it will be the last!

We are currently not announcing the date of the the 2023 General Assembly because we are still discussing with the ACV. Originally it was planned for early April but we hope to find again a date in May so as to be more resilient with regards to possible new Covid infection waves.

- *Why are there no posters or PICOs this year?*

We originally had to provide a hygiene plan to the Austrian authorities. Including posters and PICOs in the programme appeared as a major risk in getting the plan approved.

Large numbers of non-seated people mixing in closed spaces are viewed as too much of a risk to our attendee's health, safety and well-being in the current pandemic situation.

- *Austria relaxed the Covid regulations. Why are you maintaining the 2G and mask requirements?*

The Austrian authorities announced the relaxation of the regulations after our deadline for on-site registration. Due to the requirements of our conference hygiene plan, it was not possible to re-open the registration. We felt that participants had signed up for an in-person event under certain conditions and we did not want to modify this after participants had registered. The health and safety of all participants is our primary concern. In addition, we were advised to maintain a 2G conference given the unpredictable nature of regulation changes.

# CL Division Medals

(A quick overview)

Medallists' lectures 2022

MAL34, MAL14, MAL23 sessions 2022

## The CL Division has 3 award/medals

- Division Outstanding Early Career Scientists Award
- Two division Scientists Medals:
  - Milutin Milankovic Medal  
*outstanding research in long term climatic changes and modeling*
  - Hans Oeschger Medal  
*outstanding achievements in ice research and/or short term climatic changes (past, present, future)*

DIVISION OUTSTANDING EARLY CAREER SCIENTIST AWARDS 2022

## Marlene Kretschmer

[Home](#) / [Awards & medals](#) / [Division Outstanding Early Career Scientist Awards](#) / [2022](#) / [Marlene Kretschmer](#)

**CL** Climate: Past, Present & Future

The 2022 Division Outstanding Early Career Scientist Award is awarded to Marlene Kretschmer for outstanding development and the application of statistical methods to the study of causality in climate dynamics.

**MAL34**

**CL Division Outstanding ECS Award Lecture by  
Marlene Kretschmer**

**Mon, 23 May, 17:05–17:15 (CEST) Room E2**

HANS OESCHGER MEDAL 2022

# Doug Smith

[Home](#) / [Awards & medals](#) / [Hans Oeschger Medal](#) / 2022 / Doug Smith

The 2022 Hans Oeschger Medal is awarded to Doug Smith for pioneering research in mechanisms of short-term climate variations, and developing methodologies for initialising a climate model with observations to predict climate from one year to decades.

**MAL14**

**Hans Oeschger Medal Lecture by Doug Smith**

Thu, 26 May, 15:20–15:30 (CEST)

Room 0.14

Wed, 25 May, 18:10–18:15 Room 0.49/50

Joanne Elkadi

her to constrain post-glacial ice surface paleothermometry on

# Cameron de Wet

## CL Climate: Past, Present & Future

The 2021 Virtual Outstanding Student and PhD candidate Presentation (vOSPP) Award is awarded to Cameron de Wet for the poster/PICO entitled:

*North American rainfall patterns during past warm states: A proxy network-model comparison for the Last Interglacial and the mid-Holocene* (de Wet, C.; Oster, J.; Ibarra, D.; Belanger, B.)

Click [here](#) to download the poster/PICO file.

Cameron de Wet is a PhD candidate in the Earth and Environmental Science Department at Vanderbilt University working with Dr. Jessica Oster. He uses varied approaches, from climate model output to geochemical signatures in cave mineral deposits, to investigate paleo-rainfall patterns across North America, with an eye toward how water availability may change in the future. At EGU 2021 Cameron presented compilations of North American proxy records that provide a snapshot of rainfall patterns during the mid-Holocene and Last Interglacial and compared these records with rainfall patterns produced by 16 different PMIP4 models.

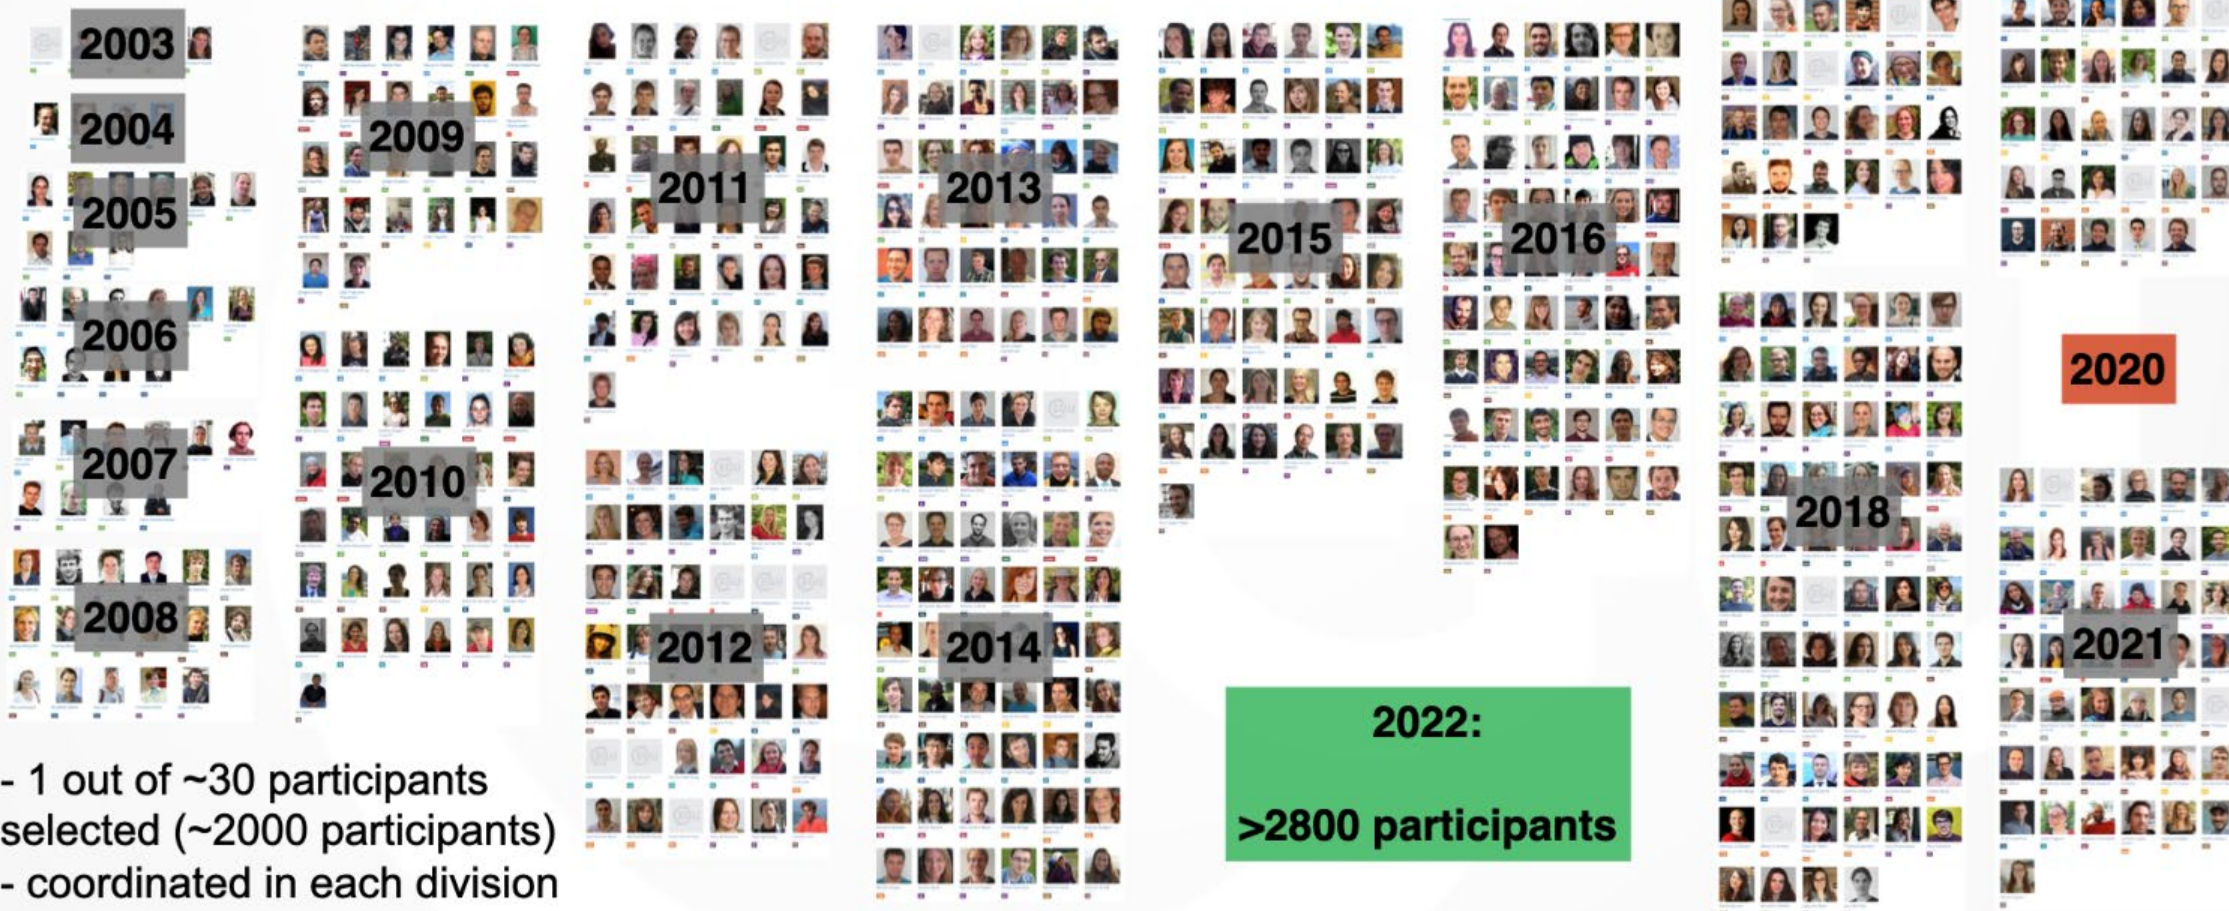

Cameron de Wet

# OSPP: Outstanding Student and PhD candidate Presentation contest

Organized since 2003 (first in HS division, since 2008 union-wide)

- 1 out of ~30 participants selected (~2000 participants)
- coordinated in each division

# OSPP: Outstanding Student and PhD candidate Presentation contest

## What is evaluated?

- scientific content (relevance, methods, ...)
- presentation (organization, aesthetic appeal, ability to answer questions, ...)

## Who votes?

- 3 pre-defined judges per participating presentation
- ALL EGU participants (from post-doc level on, not co-author, no shared affiliation) can vote as well on abstract page!

• **WE NEED YOU!!!**

## Who can participate?

- first and presenting author
- either currently a BSc or MSc student or PhD candidate
- or last degree obtained in year of GA

## Why participate?

- Better visibility for your research
- Award certificate and ceremony
- Free open-access publication in one of the EGU journals
- Conference fee waiver for next EGU

# EGU awards & medals

EGU features an extensive awards and medals programme on all career stages

## Awards

- Four prestigious **Union medals**, recognising excellence in scientific research
- Four Union awards for **Outstanding Early Career Scientists**, services for the Union, science journalism, and outreach
- 28 **division medals**, awarded for significant disciplinary contributions in Earth, planetary and space sciences
- 22 **division awards for Outstanding Early Career Scientists** and **General Assembly awards for students**

# EGU awards & medals

- **Nominations are exclusively by EGU members\*** while candidates do not need to be EGU members. (\*An exception is one award to promote excellence in journalism allowing nominations from non-members and self nominations)
- Individual award and medal committees are then evaluating the nominations selecting the most deserving candidate based on scientific achievements\*\*. (\*\*plus one medals each for journalism, outreach and service to the union)

# EGU awards & medals

- **All** members are strongly encouraged to contribute to the awards program by nominating suitable candidates.
- When nominating please think about people who may have been overlooked in your discipline.
- If you do not nominate nobody will.

## Members, Nominators, Nominees, and Awardees

Nominators 2017-2022  
 Nominations and Awards 2018-2022

EGU22-1087 \* | Presentations  
 | [EOS3.1](#) | **Highlight**  
**Equality of opportunities in geosciences: The EGU Awards Committee experience**

**Thomas Blunier**  
 EGU awards committee chair  
 Wed, 25 May, 10:34–10:41 Room 1.14

## How to nominate

Where: <https://www.egu.eu/awards-medals/nominations/>

When: Deadline is **June 15 every year**

What is required:

	Division and Union medals	Outstanding Early Career Scientists Awards
Nomination letter	1 page	½ page
Curriculum Vitae	2 pages	1 page
Selected bibliography	2 pages	½ page
Supporting letters	3-5 (maximum 1 page each)	-

# ECS & outreach report

---

**ECS-CL representative:** Dr. Janina Nett → Nazimul Islam

**ECS-CL co-representative:** Nazimul Islam → Ichiko Sugiyama

**ECS-CL outreach team:** Janina Nett, Bramha Dutt Vishwakarma, Ichiko Sugiyama, Martin Wegmann → Ichiko Sugiyama (editor-in-chief), Ricardo N. Santos, Dr. Martin Wegmann, Shalenys Bedoya Valestt, Natalie Selwood, Dr. Negar Vakilifard, Dr. Janina Nett (our wise one)

## What is An Early Career Scientists (ECS)?

- An Early Career Scientist (ECS) is a student, a Ph.D. candidate, or a practicing scientist who received their highest certificate (e.g. B.Sc., M.Sc. or Ph.D.) within the past seven years. Extension for certain periods (caring, parental responsibilities, disability, illness etc.)

## Important to know !!!

- Approximately 2/3 of CL-EGU members are early career scientists – **it's important that your voice is heard.**

- The ECS website provides information for ECS at <http://www.egu.eu/ecs/> including careers, financial support, events & resources.

## Awards

- There are ECS awards at division & assembly level. Please check the nomination guidelines : <http://www.egu.eu/awards-medals/>
  - Arne Richter Awards for Outstanding Early Career Scientists (Union wide)
  - Division Outstanding Early Career Scientist Awards.

**you could be the next recipient !**

## Your ECS representative

- ECS rep. provides a link between the ECS community & the EGU.
- ECS maintain & promote a supportive environment for young scientists within the union  
..... Would you like to be involved ?.....
- Contact the current ECS rep. with questions, comments, feedback etc.
  - Send an email to [cl-ecs@egu.eu](mailto:cl-ecs@egu.eu) (or [ichiko.Sugiyama@weizmann.ac.il](mailto:ichiko.Sugiyama@weizmann.ac.il))

ECS

About early career scientists (ECS)

- Outreach-team increased (8 new members)! Looking for more!
- Blog output increased (1-2/month) & readers increased (~400 p. week)
- Co-blogging with other divisions and EGU policy (OS Division, EGU working groups, etc.)
- New Series: Life of a Climate Scientist (currently looking for professors to interview)
- Twitter followers increased from 1600 to ~1900 (pre EGU General Assembly 2022)
- Advertisement for CL-sessions during EGU via Twitter! Keep an eye out!
- 2-3 short courses per year organized or co-organized by CL
- Plan for this year: continue with the success, build up new ECS Team!

## Why should you contribute a blog post?

- Giving something back to society by explaining your research in an understandable way. It is a good practice to increase your science communication skills!
- Great advertisement for your paper or a topic you are passionate about!
- You get feedback on your writing!
- You can add extra line to your CV as an outreach coordinator.
- We are not picky on your motivations, **contact us with your blog idea** ! 🤔

**Contact:** [ichiko.sugiyama@weizmann.ac.il](mailto:ichiko.sugiyama@weizmann.ac.il)

IF (2020): 4.295

Co-editors-in-chief: Nerilie Abram, Laurie Menviel, Denis-Didier Rousseau & Marit-Solveig Seidenkrantz

- CP editorial board is composed of 42 regular editors: 18 F & 24 M among who, 3 co-editors in chief F and 1 co-editor in chief M
- 2021-2022 chief of chiefs: Denis-Didier Rousseau, will continue 2022-2023
- 2022 Nerilie Abram stepping down as co-editor in chief, replacement TBA

The main subject areas are the following:

- **reconstructions of past** climate based on instrumental and historical data as well as proxy data from marine and terrestrial (including ice) archives;
- **development and validation of new proxies**, improvements of the precision and accuracy of proxy data;
- **theoretical and empirical studies of processes** in and feedback mechanisms between all climate system components in relation to past climate change **on all space scales and timescales**;
- **simulation of past climate and model-based interpretation of palaeoclimate data** for a better understanding of present and future climate variability and climate change.
