Earth Observation, Launched Jan 2026

The journal subject areas :

- **Cryosphere** – snow, sea ice, glaciers, ice sheets, permafrost, lake and river ice
- **Hydrology** – hazards, river dynamics, water quality, lake monitoring, precipitation, and soil moisture
- **Oceanography** – SST, SSH, marine gravity and bathymetry, ocean colour, circulation, coastal processes, and biology
- **Atmosphere** – multidisciplinary topics including atmospheric processes (choose AMT for purely atmospheric studies)
- **Natural hazards** – methods and approaches for observing a wide range of natural hazards
- **Land surface processes** – temperature; biomass; vegetation type, trait, and health; ecology; soil properties; sedimentation and erosion; heat, moisture, and nutrient fluxes (e.g. carbon, methane, and nitrogen)
- **Geodesy** – solid Earth processes, gravity, topography, reference frames, and tides
- **The built environment** – urbanization and urban growth, humanmade infrastructures, urban heat islands, smart cities and urban planning, urban green space and biodiversity, carbon footprint of cities, population dynamics and poverty
- **Instruments, methods, and missions** – new instrument and mission concepts, calibration and validation, and general methodological advances including AI

The EDI Participation Support Fund

Scheme to provide additional financial support for scientists that experience substantial 'non-geographical' but EDI-related financial barriers that prevent them from attending the EGU general assembly.

Bagnold Medal Criteria

Updated in 2023

This medal was established by the Geomorphology Division in commemoration of the scientific achievements of [Ralph Alger Bagnold](#). It is awarded annually to individuals in recognition of their outstanding contributions to the study of geomorphology, by means of a sustained contribution to a particular research area, the originality, timeliness and significance of their research *and the broader community service contributions and leadership of the discipline.*

Mid-career nominees are strongly encouraged!

GM Awards and Medals

Be involved!

- **Nominate** promising ECS colleagues as Outstanding Early Career Scientist
- **Nominate** outstanding members of the geomorphology community for the Ralph Alger Bagnold medal
- EGU is keen to ensure diversity in its awards!
- **New!** Nominations can be rolled over for multiple years (with possibility to update)

Deadline: **15 June 2026**

Simple nomination procedure (1/2 page – 1 page nomination letter, CV, selected bibliography, supporting letters)

All information at: <http://www.egu.eu/awards-medals/>

EGU Fellows programme

BRAND NEW

The EGU Fellows programme recognises exceptional contributions to Earth, planetary, and space science... Fellows have shown leadership in EGU values, including but not limited to scientific excellence and integrity, open science and collaboration, equality, diversity, and inclusion (EDI), sustainability and societal benefit, and supporting early-career scientists. Fellows are expected to support the aims and activities of EGU, and to promote scientific and societal progress in various ways...

Eligible candidates are:

- Mid-career or late-career scientists (8+ years post-PhD)
- EGU member for the past three consecutive years

Nomination letter, plus 1-3 supporting letters (letters can be co-signed by multiple people)

2 page CV

2 page bibliography

Call coming soon, please nominate!!

Awards and Medals task force established

Awards and Medals Task force (AMTF) will:

- Revisit Awards practices, update guidelines, ensure consistent practices across Divisions, avoid (perceived and real) conflicts of interest and ensure fairness and inclusiveness.
- Establish consistent and clear criteria (e.g., “scientific excellence”) for awards committees.
- Visit practices & processes of other societies to see if they can be adopted to make our awards processes more inclusive and fair.
- Consider proposing an award and recognition instruments that are missing.
- Awards and Medals reception improvement (e.g., live music by EGU members & other).
- Open to feedback and suggestions from the EGU membership on the above (through your Division presidents - by email and Division meeting discussions).

Task force members (approved by Council):

Athanasios Nenes (Awards and Medals Committee Chair, AMTF chair); Stefanie Kaboth-Bahr (ECS Union-level ECS representative), Lisa Wingate (EDI Committee Chair), Marian Holness (EGU Vice President), Sergio Carmelo Guglielmo Vinciguerra (EMRP Division President); Kristen Cook (GM Division President); Ana Bastos (BG Division President)

Agenda

- EGU26 General Assembly and GM Programme; some numbers and information

Division email list

- For division announcements and opportunities
- Low-traffic list – only EGU-related topics (I promise not to spam you! except during the GA!)
- Sign up via your EGU user area

The screenshot shows the EGU website's user area. At the top left is the EGU logo. A navigation bar contains links for ABOUT, MEETINGS, PUBLICATIONS, AWARDS, NEWS, OUTREACH, POLICY & EDUCATION, ECS, JOBS, and USER AREA. The main content area features a banner with a blue and yellow flag and the text "USER AREA Mailing lists". A dropdown menu is open from the "USER AREA" link, listing: Overview, Your account, Membership details, Mailing lists (highlighted), Co-sponsored events, Public Engagement Grants, Geoscience Days, Awards & medals nominations, and Forums. A breadcrumb trail at the bottom reads "Home / User area / Mailing lists".
